Dear Mike

Before even handing this to Eugene,
(which I'll do soon at M. - N. L. site)

I'm sending you copy I'm sending you
the enclosed because it is so easy
when one is "in the field" to "forget"
Center as having not only the grand ^{main} ~~main~~
(more locals than one) but also above all
future projection of "changing everything" one has
already decided upon.

This week it creates
change in lead plus special R&B more fully
or so. Not only that. Even more direct

17147

happening & instead of having that ~~news~~ news weigh
me down, I have definitely decided that
not only will ~~the~~ ^{next} year ^{definitely} be the one transition
into Constitutional Convention

but I will not
wait to announce 90 days ahead but actually
make such a declaration at 1/2/83 expanded
REB.

As for writing you re
your last public only at 14 Chil - I
doubt I will - Do work it out yourself -
You not only know best & more concretely
what will be needed (and I have full confidence
in you) but my mind is ^{holding} hold your seat

on my next book as one is certainly needed
on post-Marx Marxist not as briefly as in RWT-KH -
but etc etc etc. Yours, ^{happily} Ray
