FUND DRIVE BEHIND WITH  
ONE WEEK TO GO . . . .

The time has come to put an end to procrastination. One week remains in the second I.S. fund drive. As of November 14, we are about 10% behind schedule. We have collected \$11,060, or 74%. At this time we should have reached 85%. If we are to realize our goal of \$15,000 by November 22, all branches and MAL's must send in the balance of their quotas immediately.

The following branches have reached their quotas: Champaign/Urbana; Detroit; Rochester; Riverside; and Seattle. Even though they have met their goal, fund drive directors in these branches should still try to get additional contributions if there are any members of the branch who have not paid their pledge.

One branch in New England which had not previously sent in a contribution is to be particularly commended for its enthusiasm and eagerness in getting on the scoreboard this week.

Some friends of the I.S. have contributed generously. One person sent half a day's pay, and said he would send the other half as soon as he could afford it.

We deeply appreciate such contributions. However, in the last week of the fund drive, success or failure will depend on the efforts of I.S. members themselves. If your branch has not yet reached 100%, ask your fund drive director why. If you have not yet given your pledge, ask yourself why.

#### ATTENTION ALL FUND DRIVE DIRECTORS & MEMBERS-AT-LARGE:

In order for your contributions to meet the Nov. 22 deadline for the end of the fund drive, they must be in the N.O. by that date. Please be sure they are mailed in time to get to the N.O. by November 22.
