# sun distribution international

July 15, 1976

Dear Branch or District Organizer,

This week's bundle of Workers' Powers contains a fair number of other items. I would just like to take a few moments to explain what to do with all of them.

Convention Documents We have enclosed copies of all of the major convention documents and counter-documents. They should be distributed to those comrades who were not able to attend the convention and did not receive some of them. Whatever you have left over after giving them to comrades should be saved for possible use with ~~these~~ recruits over the course of the next year. In certain circumstances we are sure that some of the documents will be useful in training and education programs. The National Office (Sun Distribution) has only a few left to meet individual requests.

Basic Education Also included in this mailing are copies of the revised basic education program. We have taken the liberty of sending out to all branches a minimum number of copies. If you desire more it is up to you to order them.

This Basic Education Program has been revised and should be of much greater use than the original program. We have printed 1,000 copies and certainly hope that they will all be used over the next year or so. Your branch will be billed at 20¢ per copy on the next regular monthly billing.

Subscribe Now! We have produced a general subscription leaflet that all of the branches can use in any number of circumstances. It offers a special sub rate of \$7.50 for a year subscription. We expect that all of the branches will order copies of this leaflet. I don't think I have to run thru all of its possible uses now to convince you of how useful it can be. The cost of the leaflet is \$2.50 per 500.

Where We Stand This is just a reminder. These leaflets are now available. Their cost is also \$2.50 per 500. Order now and have them ready.

Orders for all of the above items should be placed with Sun Distribution.

Tom Dougherty
