21st March 1975

To all bookstore managers and organizers,

In line with our general policy of promoting the distribution of Trotskyist literature in Canada in the broadest and most efficient way, Pathfinder Press of Canada has decided to carry the entire line of EDUCATION FOR SOCIALISTS BULLETINS which are published by the Socialist Workers Party Educational Department.

These bulletins deal with the major theoretical subjects of concern to socialists such as Stalinism, the Chinese Revolution, the United Front vs. the Popular Front, Socialist Electoral Policy, Defense Policy etc. A new bulletin is now in preparation which pulls together the documents of the Canadian section on the question of nationalism in Canada.

It is important that every bookstore stock a full selection of these EDUCATION FOR SOCIALISTS BULLETINS. We will shortly be placing an order to the SWP for our initial stock and we need to know the needs of the movement bookstores. We have enclosed a copy of the bulletins now available. Please return this form with an estimate of your needs for the next six months.

We have arranged with the SWP that Pathfinder Press of Canada be the agent for the bulletins in Canada. This means that all branches should order directly from us in the future.

There is no discount on these bulletins. We will pay the customs and freight from New York and mark up the bulletins the usual 10% to defray these costs.

Please reply right away as we must have our initial orders before we bring in our stock from New York.

We hope that this new system will assist all Vanguard Bookstore managers. We think that you will agree that the bulletins are a valuable source material for the development of our cadre.

regards,

Joe Young,
