To All YSAers

Dear Comrades,

Enclosed is the schedule for the fall tour of the YSA National Field Secretaries, Hilda Rangel and Daren Boulton.

This team of Third World comrades will be traveling to locals, at-large areas, and areas where we have contacts in Michigan, Wisconsin, and Illinois.

The purpose of this tour is to help these areas in their Black and Chicano work and recruitment through the public talks and educationals which the Field Secretaries will be giving. In addition, Hilda and Daren will be having informal discussions with the comrades in these areas on the internal aspects of the organization of this important area of work.

Hilda Rangel, a Chicana comrade, will be prepared to give public talks on "The Revolutionary Dynamic of Chicano Liberation." Daren Boulton, a Black comrade, will be speaking on "Black Nationalism and the Coming Revolution."

Locals and at-largers should set up as many public meetings as possible for these comrades. In addition to meetings on college and high school campuses, Daren and Hilda will be available for debates, interviews with campus and bourgeois press, and meetings with Third World student and community organizations. Local areas may also want to organize "Join the YSA" meetings which can occur after the public talks.

Comradely,

*Norman Oliver*

Norman Oliver  
National Third World Work Director
