Note: Where pseudonyms were used, authors' real names are given first, with pseudonyms in brackets. Numbering from 1 to 74 is to clarify the correct order of issues since volume/issue numbering was not consistent through the period of publication. The journal was initiated and edited by Peter Gowan from 1977 until 1986, by Günter Minnerup until 1991, and then by Gus Fagan until 2004. Copies are deposited in the British Library and in the Bodleian Library, Oxford.
