

TO: THE R.H. HAROLD WILSON, PRIME MINISTER;

We, the undersigned, call upon you to take the initiative to end the war in Vietnam. We support the call made to you by Lord Brockway, 21 M.P.s and other prominent people. To consider that a bold move by Britain at this stage would stay the hand of those people in the U.S. who want to extend the war to the North merely to prop up an unpopular and discredited regime. Labour should have nothing to do with these mad schemes but instead work for a solution which would lead to peace in the Far East with self-determination.
