

# ANTI-WAR DEMONSTRATION TO BE HELD IN BUFFALO

## Recent Strike of Street Car Men Has Created Strong Feeling Against Militia—Wage Worker Has no Place in Organization That Can be Used as a Weapon Against Himself.

The Socialist movement is the greatest anti-militarist force in the world today. Wars are fought by the workers, they are the ones who perish on the field of battle, it is their wives who become widows and it is their children who suffer. All wars are fought for the benefit of the capitalists. They have a different opinion of opinion over the surplus they have stolen from the workers and to decide the argument they order the workers, who have no quarrel with one another, to meet on the field of battle and murder each other.

**Tools of Capitalist Class.**  
In the recent strike of the car men, three regiments of the national guard, were called out to patrol the streets of the city. They gave protection to the things and fascists, who were strike-breakers, intimidated and coerced the car men, who were demanding better conditions. One woman and two boys were wounded by the bullets of the guardsmen during the conflict, and in every strike the militia are always used by the employing class to keep the workers in subjection.

**Workers Interest Identical.**  
The workers of this country have no quarrel with the workers of any other country. Their interests are identical and May Day is celebrated by the Socialists of the world over with speeches and festive symbols of the solidarity of the working class of all countries. Saturday evening May third, at Elmwood Music Hall, the Socialist Party of Buffalo, will hold a May Day Celebration and Anti-War Demonstration. This will be the best time for holding such a meeting. The chief speaker will be George R. Kirkpatrick of New York City, author of "War—What For?" and one

# WILL ORGANIZE UNION OF DEPARTMENT STORE CLERKS

One hundred and forty-eight persons interested in the welfare of the employees of Buffalo's large department stores gathered at Franklin Hall, 52 W. Eagle Street recently.

After a discussion on ways and means the Department Store Employees Organizing Association was formed and the following officers were elected: President, W. F. Cattell; Vice-President, Mrs. J. S. Platt; Secretary, Mark Watson; Treasurer, Mrs. Coburn. Joseph Pelen, Samuel Leary, James Storrier, Mrs. Moffett, Mrs. Simon and the officers of the association were selected to act as the Executive Committee.

Many of those present spoke, telling of the intolerable conditions under which the girls in the department stores were working. W. F. Cattell, the president of the association, who was the

# TO OUR READERS

To those of you who so nobly came to our assistance during the past ten days we wish to extend our heartfelt thanks. We would like to send a personal letter expressing our appreciation to each of you but our office force is limited.

# NEWSBOYS REFUSE TO BE FOOLED BY MR. HEARST

The Newsboys of Buffalo have given Hearst, proprietor of the New York Journal, a lesson in circulation that ought to make him set up and listen. Last February the price of the New York Journal to Newsboys, was raised from 60¢ a hundred to \$1.15 by Mr. Hearst, and the boys went on strike against such high handed methods. To stand on the street corner in all kinds of weather for 85 cents a hundred on an outside paper-selling at twice the price it sells in New York city is going it too strong.

The boys claim that the circulation of the Journal has fallen off 5,000 since the strike and that very few are sold in this city at the present time. That the people of Buffalo may understand the facts in the case we publish the following letter from James H. O'Keefe, whose stand is at Main and Court streets:

Buffalo, N. Y., April 18, 1913.  
Editor of the Buffalo Socialist.  
On Feb. 21, 1912, the New York Evening Journal was sold to the boys and all newswomen at 60¢ a hundred. I must take into consideration that this same paper is printed the night before and is not sold until the next morning with news 24 hours late. He gives away a few cents and some coffee and raises the price of his paper to his real circulation.

# WHY THE GENERAL ELECTRIC WILL FIGHT CUT IN RATES

The electric interests have decided to fight the public service commission's decision. And well they may. The lopping off of a third of their rates, to say nothing of the loss of profits, is too palpable their robbery of the people these many years.

This Niagara Falls power grant is the most important of the kind necessary to install the machinery and then watch the wheels go round, no factory, no large pay roll, no fuel, no light, no rent, no interest. And still they are to be paid for the power at the rates charged where electricity is generated by steam.

The power company paid not one cent for this power right, the state's property. It is a monopoly, one that belongs to the people of the state and should have been developed for the benefit of the people. A fabulous sum was exacted for the power company's Canadian franchise and the Ontario government gets a revenue on every horsepower sold.

The current issue of the Army and Navy Journal builds its leading editorial on our street car strike. The attitude of labor union toward the militia is decreed and the publication says W. B. Fitzgerald, strike leader, was impudent in sending his message to the governor, protesting against the calling out of the troops at the behest of the International to intimidate the strikers. The news of you, Fitz!

# TWO GREAT MEETINGS OF STREET CAR MEN

Two great ratification meetings were held last Thursday by the street car men. The meeting here at Miller's Hall, at 8 o'clock in the evening, had an attendance of about 1200. The mid-night meeting had about 900 present. That is a wonderful attendance.

All the demands made by the officials were ratified and officers and committees were elected to carry on the work of the union. Everyone present was interested, and many questions were asked. Every indication looks to a complete union of every man on the lines.

Headquarters have been established in the Chapin block, No. 16 West Swan street, where all business will be carried on. The committee called on President Connetto Monday morning at 10 o'clock and presented a petition covering their complaints, grievances and demands; after some preliminary remarks, the committee called on the members to analyze the requests of the men, so that they could be intelligently discussed at the next meeting.

# ROBBED BY THE BOSSES

Reduce Pay of Worker Thinking It Within Their Rights to Rob Foreigner.

A sample of the pure gull of some of the bosses of this town is shown in the case of Dominio Nurzia, who was hired by Eastern Concrete Construction Co. at 25 cents per hour, and after receiving that sum for one week his pay was reduced without notice.

Of course the handsome bookkeeper who is so "closed" to the boss, had a chance to get in a word to the boss, but he refused to reply. Some fine day this class of cheap gull will also find out that they are an underpaid bunch of cheap workmen and get wise to themselves, but it takes a long time to bore through solid ivory.

Nurzia should have received \$147.75 for his week's work, but was given his pay at the rate of 20 cents per hour, which was a little less than \$120.00. On refusing to accept a sum less than he had agreed to, the bookkeeper told him he could leave it if he did not want it, and that three others had also been subjected to the same robbery, for robbery it is.

Nurzia has issued a sworn statement to these facts and we back it up with his affidavit, which follows:  
STATE OF NEW YORK,  
County of Erie,  
City of Buffalo, ss.  
Dominio Nurzia, being duly sworn, deposes and says:  
That on the 27th day of March he went to work for the Eastern Concrete Construction Co., which is owned by Morgan Blig, as a laborer to mix concrete for a new building for a rubber company; and that he was told he would be paid 25 cents per hour, and that after one week he received \$100.00 for 40 hours work, which is at the rate of 25 cents per hour, and that on April 10th he was told that his wages would be reduced to 20 cents an hour, which he refused to accept and that he quit the job at once, and that on Saturday when he went to collect his wages which should have been \$147.75 for 59 1/2 hours, the company only offered to pay him the rate of 20 cents per hour, which he refused, and the bookkeeper told him if he did not want it he could leave it, and that three other men were served the same way.

# CARRIAGE WAGON AND AUTOMOBILE WORKERS HAVE BIG RALLY

Surely the tide of affairs in labor circles has changed since the street car men have organized.

Last Friday evening, April 18th, a meeting was called for the purpose of rallying the carriage, wagon and automobile workers, which about 700 were present. A fine spirit was shown by the workers, and soon another organization will be ready to battle for its rights.

A great array of speakers was present, and all gave short talks. A. Adamski, organizer for the Garment Workers; G. A. Flett, of Washington, general organizer for the A. F. of L.; J. J. Thorpe and W. B. Fitzgerald of the Street Car Men's Union; and Sam Atkinson of the Buffalo Socialist, spoke to the men.

# BERTHA H. MAILLY TO SPEAK IN BUFFALO

Comrade Bertha Howell Mailly, executive secretary of the Hand Society of Social Science, New York City, will speak at the headquarters of Local Buffalo on Wednesday evening, April 25th, at 8 P. M.

Her subject will be "Social Education." We advise the comrades to reserve this date, the lecture will be of great interest. Readers of the Coming Nation will recall the children's page which was so interestingly edited by Comrade Mailly, but which was forced to give up when taking up her present work. Comrade Mailly was formerly a teacher at the University of Wisconsin, and her many years of labor for the cause of humanity fits her for the present work. She is the animating spirit of the Hand Society and her kindly, self-sacrificing nature does much to encourage those ambitious students who by chance or purpose attend the school.

With the tremendous growth of the Socialist movement the need for men and women trained in the Socialist philosophy to fill positions as teachers, agitators, editors, organizers and executives is constantly growing.

# STRONG ARM MEN WOUND STRIKING SILK WORKERS

The silk manufacturers of Paterson, have hired Jerry O'Brien's "strong arm men" to break the strike of the silk workers, and the city is in a state of tumult. As a result of the attack on the strikers at the Weidman Dry Works, Antonio Vischio is in a critical condition, and the city is in a state of tumult. One of O'Brien's men and another has a fractured skull. Many others suffered minor injuries.

# EMPLOYEES OF EXPRESS COMPANIES NEXT TO ORGANIZE A UNION

## Drivers Work Twelve Hours a Day While Companies Consider Six Hours a Day Enough for Their Horses—Union will Include All Men Working for Express Companies.

The opportunity to make Buffalo one of the best union cities in the country, is now ripe. Every working man in this city is thoroughly aroused to his condition as a slave, and is ready to join with his fellows if the chance is offered.

Buffalo is known, as has been advertised by the Chamber of Commerce, as a good city for the capitalist, low wages and very few strikes. That it, wages have remained practically stationary for many years, while the cost of living has gone up over double, and the actual condition that men cannot get on the wages received in this city has forced the slowest minds to realize that something must be done, if body and soul are to be kept together.

For many years the men working for the express companies, in and around this city, have been subjected to rotten working conditions and small pay, and at the present time are almost in a state of revolt.

Think of men working twelve hours a day, in and out day, with nothing but when called out for ordinary work, without extra pay. The regular run is from 7 o'clock in the morning, with dinner at 11 o'clock. The men work all afternoon and supper happens about 8 o'clock in the evening.

In the fruit season, work begins at 5 o'clock in the morning, and during what is called the holiday season, the men work about 15 hours out of the 24.

Compare the treatment of the company horses to that of the men: A horse leaves the stable at 7 a. m., and works to 1 o'clock that afternoon, six hours, and then rests until 1 o'clock in the afternoon of the next day, the goes on duty until 7 o'clock in the evening, just six hours a day. The companies are not for profit, and value the life of the horse, but care nothing for the men.

Express men in Rochester, Syracuse, Albany and New York work 10 hours a day, but the bosses employed by the companies in that city are a lot of slave drivers and make conditions as rotten as they possibly can.

The transfer men are supposed to have two days off every two weeks, but that means that they must work up to 10 o'clock on both mornings.

E. WEDEKINDT UNDERTAKER AND FUNERAL DIRECTOR No. 5 WALDEN AVENUE

Bill introduced in Connecticut which prohibits carrying of Red Flag in Parade.

FIGURING THE RED FLAG The state secretary of the Socialist Party of Connecticut reports as follows in the Connecticut bulletin of March 1917.

THE FOLLOWING BILL HAS BEEN INTRODUCED INTO THE GENERAL ASSEMBLY BY THE GRAND ARMY OF THIS STATE: HOUSE BILL No. 996 introduced by Mr. King of Fairfield.

AN ACT CONCERNING PUBLIC PARADES AND OUTRAGES. ENFORCED BY THE SENATE AND HOUSE OF REPRESENTATIVES IN GENERAL ASSEMBLY CONVENED.

Section 1. No public procession, parade or demonstration shall be held in any town, city or village in this state, without a permit which shall be granted by the town or village officers, in boroughs by the warden, and in cities by the chief officer of the police department.

Section 2. The authority issuing the permit shall state on the permit the kind and character of flag or banners which may be carried in the procession or parade, and whether or not any outdoor meeting, or any flag or banner not described on the permit shall be carried in any parade or exhibited at any outdoor meeting.

Section 3. Every person who shall violate the provisions of Section 1 or Section 2 of this act shall be guilty of a misdemeanor, and shall be liable to the penalties and forfeiture of the soldiers or sailors of the United States Army or Navy, or to the soldiers or sailors of the United States Marine Corps, or to the soldiers or sailors of the United States Navy, or to the soldiers or sailors of the United States Marine Corps, or to the soldiers or sailors of the United States Navy, or to the soldiers or sailors of the United States Marine Corps.

Section 4. The hearing on this bill was held on Wednesday, March 14th, before the Judiciary Committee and was attended by Comrades Fred R. Barnes and Isador Faltus of Hartford, and S. E. Beardsley of Shelton in behalf of the Socialist Party; also by Eli Brunell of the State Federation of Labor and Sol Foshheimer of the Hartford Central Labor Union. The above named appeared in opposition to the bill. Those who appeared in favor of the bill were Department Comrade of G. A. R. A. A. Barrett of Bristol, George W. F. Hilton of Hartford and Reverend A. C. Thompson, pastor of the Immanuel Baptist Church of Bridgeport, Conn., who stated that he had served three years in the Civil War. He stated frankly that the bill was aimed primarily at the "Red Flag" which he said appealed to aliens so much that some of them had told him they did not care for the United States flag, but that the red flag meant to them better wages and shorter hours.

He stated that the red flag appealed to the labor motive. He said that the democratic party was a sweeping victory under the old flag, which was good enough for it; the progressive party came into being and still accepted the flag but the Socialists insisted on having a flag of their own, a red flag which stands for violence and anarchy.

He said further that the Stars and Stripes had been torn down in Milwaukee and trailed in the mud and the red hoisted in its place (one of the many stupid lies about the Milwaukee socialists, absolutely without a single iota of basis in fact), and that the same thing had happened in Los Angeles. The chairman of the committee, Senator McDonough of Naugatuck, then announced that he would state the minutes for the opposition, five minutes to the speaker for the labor unions and five minutes for the speaker for the Socialists. (The three persons in favor of the bill consumed one hour and ten minutes of the hearing.)

Eli Brunell for the State Federation of Labor opposed the bill because he said labor organizations were not to be carried banners of their different trades and he felt that they had a right to do so without asking permission of the local authorities.

S. E. Beardsley spoke for the socialist and stated reasons for opposing the bill, explained the purpose of the red flag and challenged the speaker's favorability to the labor unions. He stated and gave a clear explanation of the reasons for the socialists adopting the red flag as their emblem.

The mere man has to lose the more timid he becomes in regard to progressive thoughts and public movements. It is those who "do little or nothing" who are the most timid in their future harbor of intellectual, political and economic advancement.

**WOMEN'S DRESS.**  
It has been discovered that we women dress too extravagantly thereby increasing the cost of living. This discovery was made by a learned professor, residing in New York city who has made a careful analysis of economic conditions. According to his figures a woman, wearing a working woman, should spend \$23.00 per year on her clothing, the man \$33.00, each girl \$15.00 and each boy \$12.00.

**OUTSTANDING TICKETS.**  
There are still a number of tickets for the Deb, Warren, and other meetings still outstanding. All tickets should be immediately accounted for.

**BRANCHES ALL BUSY.**  
Every branch in the city is alive and on the job preparing for the coming day campaign. Debates and lectures are being held and a systematic effort is being made by the branches to bring all of their members in good standing.

**DISTRIBUTION OF LITERATURE.**  
Branch Organizers and all party members take note that a general distribution of literature covering the entire city will take place Sunday morning, April 27th. Make the necessary preparations. The literature will be a four page paper about half the size of The Buffalo Socialist and will be furnished from the headquarters.

**ATTENTION, COMRADES.**  
The Y. P. S. L. will hold their regular meeting Thursday evening, April 24th, at 8 o'clock. Don't miss this, as there will be a fine program.

**BRANCH FIVE.**  
All members of Branch Five are urged to be present at the headquarters, Franklin Hall, 52 West Eagle Street, next Sunday morning at 7:30 o'clock to take part in the distribution of literature.

**COMRADE HEACOCK.**  
Comrade Lee H. Heacock spoke last Sunday to a large audience at the headquarters of Branch 3, Socialist Party. His subject was "The Basic Principles of Socialism" and was well received. The nature of a heart-to-heart talk which proved very interesting and instructive. Comrade Heacock took up the three principal points of the Socialist movement, viz: economic determinism, evolution and economics and explained their meaning in a manner simple and plain enough for anyone to understand. Comrade Heacock should do more work of this kind.

**PHYSICAL REFORMS IN OUR SOCIAL PROBLEMS.**  
The great problem confronting the worker today appears to lie, at first sight, merely an economic one. Closer analysis, however, reveals the fact that there exists a great need for a thorough physical reformation of our social conditions. Our social plans can be fully appreciated and enjoyed.
