

## OLD PARTIES MUST COMBINE

## Only Chance Left for Them to Defeat Milwaukee Socialists

(Special to the Daily Socialist.) Milwaukee, Wis., April 6.—Only a combine of the Democratic and Republican forces can now defeat the Socialist ticket in Milwaukee. With every day they are gaining strength. The old party politicians, like drowning men, are catching at straws, after Rose, the Democratic candidate, has had his charges against the honesty of the Socialist-Democrats completely disproved.

They have now fallen back on two terrible accusations: First, that Berger, once meeting a man on the street, remarked to him that it is revolution, not reform, that is needed. Second, that a Socialist said somewhere to some unknown and unnamed person that when the Socialist-Democrats carry Milwaukee they would hoist a red flag over the city hall. Such is the campaign material to which the Democrats are reduced in their mortal struggles.

### Refuted All Other Charges

The Socialist-Democrats have triumphantly refuted all other charges made against them. The leaflet issued by the Federated Trades Council has done thorough work in this respect. Socialists were on hand to give it out at Rose's meeting held at the Hippodrome.

Rose, losing his head, waves a copy of the leaflet at his audience, and told them that the Socialist-Democrats distribute it at the close of his meeting, but warned his hearers not to believe it or even read it. Of course, that made the leaflet, like all forbidden fruit, still more interesting.

### When the meeting broke up, hundreds of hands were extended, with the cry: "Give me that!" All these attacks have simply served to unite organized labor more firmly than ever before in the political field. In no other American city have the trades unions ever been such a political unit as in Milwaukee today.

### The Journal, which has the largest circulation of any paper in Milwaukee, commenting on the charges of Pringle, Republican candidate for mayor; Rose, Democratic candidate, and Seidel, Socialist-Democratic candidate, said:

"To an absolutely disinterested observer, the campaign today appears to show that the old parties are making it clear that it does not care a rap whether Rose or Pringle is elected. The half-breed contingent is not earnestly for Pringle. The tide that seemed to be running so strongly toward the last few days shows some signs of ebbing. The Rose people lost all that they had gained by charging Candidate Seidel with non-unionism, when they made bitter personal attacks on the labor leaders."

### Every union man in town, whatever his political belief, regards Berger, Weber, and their associates as honest men, and they know that no one person or set of persons has any chance to manipulate the funds of the unions. The situation is certainly very complicated."

### Sentinel As Pretender

The Sentinel (Republican) pretends to believe that the Socialists carry Milwaukee, the city bonds will depreciate in consequence.

"No," says the Sentinel, "is no, of course, to reflect in the slightest on the personal characters of Candidate Seidel, a clean, kindly and estimable man, and his associates on the ticket."

"Professed Socialist candidates, however estimable individually, have to suffer from this general impression of their party and creed. The city that elects a Socialist ticket and is thereby advertised broadcast as a nest of Socialists and red radicals and industrial mischief, must suffer the penalty in impaired credit. A Socialist victory in this city next Tuesday would undoubtedly mean a severe setback to the business prospering commercial attractiveness for outside capital in Milwaukee."

### Resort to Absurd Tactics

These are specimens of the absurd tactics to which the old parties are now resorting. They see that the situation is serious, and that soon, unless they do something desperate, the game will be all up for them.

## HAYWOOD SPEAKS TO LABOR BODY; SOCIALISM CONSIDERED

BY ADAMS.

The speech of William D. Haywood, the strong arguments for and against Socialism, and the conclusions reached in the hall, were the most interesting features of the meeting of the Chicago Federation of Labor yesterday afternoon.

Secretary Nockels announced that he had been apprised of the fact that William D. Haywood was in the hall and moved that he be given the privilege of the floor.

### Delegates of Britain of the carpenters' union objected on the ground that Haywood was one of the signers of a call for a meeting, the purpose of which seemed to be to form a new system of troops to the Chicago Federation of Labor.

### Haywood Asked to Speak

Secretary Nockels said that he believed the call for the meeting should not be considered at this time and that he was sure that the delegates would take pleasure in listening to Haywood speak. The motion was put to a vote without further discussion and carried with but one dissenting voice.

Haywood was then introduced. He said:

"I thank organized labor in the city

## SOCIALIST IS THREATENED WITH DEATH BY BLACK HAND

(Special to the Daily Socialist.) Allegheny, Pa., April 6.—J. H. Stockdale, foreman of the Foster Coal mines at this place, and an active Socialist, has received a black hand letter which threatens him with violent and sudden death if he does not leave \$200 in a certain place on a given date. The letter, which is written in the approved style, is as follows:

James Stockdale: We have selected a man in our society to put you to death in 1908. If you do not make the man trouble-free, the Italian people of Foster, unless you place \$200 in first last entry, the first hole to right on April 24th as our society is in need of money and must have it be sure or you will be put to death by name.

BLACK HANDS.  
P. S.—Your death will be quick, shot or blown up in bed.

## HALF OF FORCE OF 3,000 SHOP HANDS ARE LAID OFF

(Special to the Daily Socialist.) Sacramento, Cal., April 6.—Not more than half of the normal force of 3,000 men is employed in the shops here. During the past few months from one to three hundred men have several times been dropped from the pay roll.

While a few men have been laid off daily in every department, occasionally the local officials have issued statements to the effect that no retrenchment had or would be put in force, but at present only the most necessary repairs are being undertaken.

Many of the discharged employees say that there is more than enough work on hand to keep the full force busy for several months if the company cared to keep its rolling stock in good condition.

## HELIE SCORES POINT: DINES IN PUBLIC WITH HEIRSS

New York, April 6.—The fluctuating love affairs of Anna Gould and Prince Helle de Sagan took a turn decisively in favor of the prince Sunday, when she consented to their public appearance together for the first time since their arrival in New York.

After receiving a call from Edwin Gould and listening to his pleas that she give over the prince, Mme. Gould left her apartment in the Hotel St. Regis, accompanied by Mr. and Mrs. Tyler Morse and Iradose Morse, and proceeded to the Hotel Plaza, where she had luncheon with the prince.

## PREMIER QUILTS; ASQUITH CHOSEN

## Bannerman Retires and Successor Is Sent for by King Edward

London, April 6.—Premier Henry Campbell-Bannerman has resigned and the resignation has been accepted by King Edward, who is abroad. This has created an unprecedented situation. The government is left leaderless and the houses of commons cannot transact any business until the new premier has been appointed.

Herbert Henry Asquith has been summoned to Biarritz, where the king now is, and will return to London soon, as the successor of Bannerman, it is predicted.

### To Place Churchill

In the reshuffling of the offices an opportunity probably will be provided to place Winston Churchill in a cabinet office, that of secretary of state for the colonies being the most likely. Lloyd George, now president of the board of trade, will probably succeed Asquith as chancellor of the exchequer. The resignation of Premier Bannerman was not unexpected, as it has been generally understood for weeks past that he would seek relief from office, his health making his resumption of the leadership out of the question, and the only chance of prolonging his life being to free himself from the cares of state.

### Premier in the 70's

The fact that his action was taken a few days before it was expected and "on the urgent recommendation of his medical advisers," leads to the conclusion that his condition already grave, has become worse, although there is no indication of this in the latest bulletins. On the contrary, his resignation is regarded by some as a good sign that the doctors are now more hopeful of his recovery.

All agree that Bannerman is past the time of life when he could take part in active government work. He now is in his 72d year and 40 of them have been given in serving the nation.

### Here It Is in Poetry

"Count that day less whose low descending sun Has seen by you no new subscriber too."

### 1,400 Could Be Put to Work

"Some of the city officials have said that 1,400 men could be put to work at once on city work that is already reported to be entirely inadequate to cover the situation, but anything that is possible should be done, and we urge that some action be taken by your honorable bodies in the direction of pushing this work to the earliest possible moment."

### Town Reeking with Disease

Maurer contended that the southern part of town was reeking with disease breeding stacks, which should be razed, and the city should put up sanitary and comfortable buildings. This would pay the city in the end, and would give employment to these idle men.

## TWO WAYS OF SECURING WORK FROM THE GOVERNMENT

## SECRET PLAN TO DEFEAT BRYAN

## Powerful Politicians Gather in New York; Favor Johnson

A split in the Democratic party, which will line up the forces back of Governor Johnson of Minnesota and those supporting William Jennings Bryan in battle against each other at the Denver convention, it was assured by the meeting of powerful western and southern Democrats in New York Friday.

The meeting was conducted with the utmost secrecy and no word of it was broached till yesterday, when the Johnson headquarters at the Grand Pacific hotel sent out thousands of letters asking the people to send delegates to the Denver convention to defeat the candidacy of W. J. Bryan.

### Report on Jobless

Maurer's report showed the number of the unemployed as follows:

P. & R. shops, 1,200 laid off, rest working only part time.

American Iron and Steel usually employs 1,200, now 200 to 400 on half time.

Leading Iron company forge, usually 100, now 25 employed.

Reading Hardware company, 1,200 men on half time.

Building trades, usually 1,200 to 1,400, 50 per cent idle.

Cigar trade, 1,500 cigarmakers, 400 packers, working 50 per cent of the time.

P. & R. paint shops, wages reduced 10 per cent, 500 laid off.

Reading Iron company pipe mill, 200 off, rest on part time.

### Opposition Is Bitter

William Sheehan and David B. Hill were behind the New York meeting, and several of the leading Democrats of the east and south were present. The opposition to Bryan was bitter, and the decision was reached to fight him. The failure of the Democrats to win under his leadership and get their share of federal patronage for the Democrats of the east and south was the motive back of the action.

### Johnson Here April 14

Johnson will start this week for the south, and will speak in Louisville and Pittsburgh, coming to Chicago April 14. Behind him are the conservative Democrats, who were instrumental in securing the nomination of Alton B. Parker in 1904. E. B. Lynch, Johnson's representative in Chicago, is sending out thousands of letters.

### OUT OF WORK: DRINKS HYDROCHLORIC ACID

Peter Queney, 2544 Lowe avenue, committed suicide Sunday afternoon in his home by swallowing hydrochloric acid. He was found unconscious on his bed by his wife, Mary Queney. She notified the police, but Queney died before they arrived. Mrs. Queney said her husband had been unable to obtain work and was despondent.

## ADAPT AN ADDRESS

An address to the citizens of the county was adopted, which reads, in part, as follows:

The Republican party is represented at this time by the father and defender of that form of tyranny known as "government by injunction." His is a party of class-favoritism—legislating always for wages-slavery and oppression. Its courts and executive officers are ever true to its class instinct.

## Are Assured of Support

Local No. 1 is the Chicago local which led in the calling of the famous industrial war of last summer. The Commercial Telegraphers' union, not yesterday at Washington and voted to resume the strike, which was suspended Nov. 9, to take effect against the Western Union (and against the Postal Telegraph company July 1).

## Strike on Leased Wires

The leased wire men will be called out if necessary. All contracts which may be made after April 1 between the union and leased wire firms will be null and void in case of strike. This is done owing to the fact that newspapers and other private wire firms rushed to make contracts last August with the union and lost no time in violating them after Nov. 9, after the industrial depression had become acute and telegraphers were hunting for work.

## Text of the Resolutions

At the meeting the following strike resolutions were adopted:

Whereas, On account of the financial condition of the country, winter coming on, no money is left to carry on the strike, and our workers are being starved out by our local and national officers to declare the strike against the Western Union Telegraph company, the Postal Telegraph company and Associated Press suspended indefinitely at 11 o'clock noon, November 9, 1907, and

## Whereas, Many of our loyal strikers on account of the financial panic, lack of work on railroads, etc., were compelled to surrender their wages across employment with the aforesaid companies and corporations under conditions worse, if possible, than those imposed upon the blacks before the civil war, and

## Whereas, In our opinion no self-respecting man or woman can afford to humiliate himself

## Whereas, It is the duty of every man and woman to support the Socialist party

## SOCIALISTS, GET OUT THE VOTE!

If on Tuesday night the telegraph wires leading from Milwaukee and Chicago carry the message to the world that the Socialists in the first named city have elected a Mayor and that the Socialists in the latter city have doubled their vote of the previous aldermanic election, it will result in such a jarring loose of political ties throughout the land that it will practically assure the polling of over 1,000,000 votes by the Socialists of the nation next November.

The eyes of the country are on Milwaukee and Chicago. The question that is being asked is, "Has the industrial panic and the legislative and judicial defeats of Labor so aroused the working class that it is ready to form itself in solid phalanx against the foe, by means of the Socialist Party?" On the answer to this question depends the immediate political future of the United States. If the answer is in the affirmative it will mean that Socialism right now is to be the paramount question in American politics—that the enemies of Socialism will be forced to unite against it, thus bringing the issue squarely before the people and hastening the final denouement.

A weight of responsibility such as never existed before now rests on the shoulders of the Socialists of Chicago. So far they have nobly acquitted themselves. They have waged a campaign such as they have never waged before. But the most important thing still remains to be done. That is TO GET OUT THE VOTE.

The Socialist sympathizer, the man who is disgusted with the old parties, but who is not yet sufficiently grounded in the Socialist philosophy, is prone to stay away from the polls. He is likely to be disheartened and to say to himself, "Oh, what's the use!" That man belongs to the Socialists. When he has once cast a Socialist ballot he will stand committed with himself, and the chances are that he will investigate further and sooner or later will become a party member and a party worker. GET HIM TO GO TO THE POLLS AND VOTE.

Nearly every avowed Socialist knows from one to a half dozen Socialist sympathizers. Let him make it a point to see them personally tonight or tomorrow and GET THEM TO VOTE.

Milwaukee, it seems certain, will be carried by the Socialists. Let Chicago join in Milwaukee's message to the world. GET OUT THE VOTE.

## ENGAGE BIGGER HALL FOR AUDIENCE TO HEAR LEWIS

(Special to the Daily Socialist.) Quincy, Ill., April 6.—The Socialists of this town have arranged to engage Arthur M. Lewis of Chicago to lecture here and secured the Trades Assembly hall for the occasion. A reservation was made that it would prove too small for the audience, although it has usually been ample for Socialist meetings heretofore. So the big Turner hall was secured in its place and new advertising was got out.

The wisdom of this course was demonstrated when the meeting came off. Attorney Hanley called the meeting to order at five minutes after 8, with a crowd present seven times that would have filled the first hall twice over.

Dr. Hill entertained and instructed the audience by singing three revolutionary songs.

Lewis spoke two hours and five minutes, concluding at 10:25, with the audience evidently willing to stay all night.

Haywood spoke here Friday night in the same hall.

## "SEED OF NEW SYSTEM PLANTED IN MILWAUKEE," SAYS GAYLORD

Winfield R. Gaylord, in his lecture at the Odd Fellows Temple, Sixty-third street and Yale avenue, Sunday, took for his subject: "What is Municipal Business?" Gaylord took Milwaukee as an example in expressing his views on the subject.

## The following are the most important points made in the lecture by Gaylord:

"The business man and his business system is not easily adapted themselves to the necessities of Municipal Business."

"The business man's system is a failure. It is a systematic uncertainty. It is a gambling game. It is a grab to the dark. Business is a risk."

"The business man's system is a failure. Labor idle—capital in hiding; millions in want—a few so rich that they are rotten; a land packed with wealth-producing babies and slugs, strikes and lockouts, criminals and millionaires degenerate. Enforced idleness, instead of leisure—WASTING the best brains and brains in the world. THIS is the business man's system in business."

"Buys What He Wants"

"The business man in politics does not go out of business. Accumulated by buying what he wants in business, he does the same in politics. It becomes

"Just another branch of his business. He wants a bit window of an alderman, a mayor or a senator. He says: 'They all have their price, and you need to prove it. Sometimes he forgets the law. And grafters are only blind politicians as an example when the business man and his system go into politics."

"Business, by politics or finance, means: Get all you can, and all you get. It's that, and that is the Socialist ideal."

"Intelligent men are saying: 'We must have a new system—a real system, in place of the anarchy which we now have. And that is the Socialist ideal.'"

"Organize your industry and commerce according to the new facts. Put your old social system on the scrap pile. Build a new system—one that will do the work without breaking down."

"If private profit interferes with industry and commerce, then take industry and commerce out of the hands of private owners, and operate for public profit."

"There may be difficulties in that, but they cannot be much worse than

I have invented a typesetting and distributing machine which weighs only 125 pounds and costs only about \$100 to build, and yet will do the work of from five to eight men.

This means that the machine will sell readily for \$1000, leaving a profit of \$900 on each machine sold.

There are over 40,000 newspaper offices in the United States alone which can use these machines at a profit.

We have already received letters from hundreds of publishers asking for further particulars, commending the machine and in some cases asking to have an order for one or more machines listed.

We have organized the Universal Machine Company to manufacture these machines. The company is organized under the laws of Michigan, with an authorized capital of \$100,000.

The company owns the patents on this machine for the United States, Canada, Great Britain and France, and has other patents pending.

This stock is now selling at \$15 a share. This price will be raised to \$25 soon. You can never get rich by trading. Mining and oil investments are risky.

If these two days are but an indication of what you will do for your paper, if, indeed, this is really the beginning of a great, concerted move among the Socialists of America to once and for all settle the financial problem of their first daily organ, then the Chicago Daily Socialist is assured of a foundation as solid as Gibraltar.

There are thousands of you who have held back waiting to see what the others would do. Read the extracts from letters in today's Hustler column. "DON'T LET THAT PAPER DIE!" is the burden of all letters. And the command is backed up with individual contributions and orders, some large and some small, but all accompanied by earnest words of encouragement and promises of a great, universal move to place the Daily entirely out of reach of its enemies.

Those who have written, mean what they say. So far as in them lies they will carry the Daily through to victory. NOW YOU SPEAK. The battle cannot be won without YOUR aid; it cannot be lost unless YOU so decree by your lethargy.

No power on earth can withstand the workers when they WILL to go forward. YOU WILL TO ADVANCE!

At this particular moment YOU are the most potential factor in the Daily's destiny. The Daily, as an institution for the education of the working class, is looking to you for a decision.

"Don't you dare kick the bucket," writes T. J. Maxwell, Topeka, Kan. as he makes a \$2 contribution. If enough hustlers feel the same way and act in a similar manner there'll be no official sanction for going down. Without this official sanction THE PAPER MEET LIVE. Your individual decision counts.

Robert Hunter, New York, N. Y., comes to bat with a \$10 donation. Dig in, everybody. There's a strengthening at all along the line.

"Enclosed find \$1 to help boost the Daily. Hope others will help," writes E. H. McKibben, Lorain, Ohio.

"Don't Publish My Name," Maumee, Ohio.

Ben Thomas, Chicago, makes a \$1 donation to carry the fight to victory.

E. T. Kinsey, Vancouver, B. C., gets in three new Canadian subs.

Guy E. Etheridge, Kansas City, Mo., orders 1,000 copies of the Special Weekly Editions. The Socialist Club of Kansas City is making a big distribution of copies.

Claude S. Kellum, Indianapolis, Ind., gets five new subscribers from this Weekly Edition. Remember that from this

William Barth, Terry, S. D. 101 names  
Harry Bourne, Chicago, 31 names

The prizes for this week are scarf pins of the same quality, wholesale price, \$2.25, and will be given in and out of the city to the two Hustlers having the best records for the week. There were but few contestants in Chicago last week but the local campaign was responsible. This week the game should live up in the city.

Remember that these pins are donated by a manufacturing jeweler and are worth from 15 per cent to 20 per cent more at retail than prices quoted here. In addition to the pins a \$20 original collar and cuff design will be given this week to the woman sending in the largest list by next Saturday.

writes that he's worked just eight months in three years—but he makes a \$2 donation to carry on the fight for a daily working class newspaper.

L. E. Meek, Hudson, Mich., gets in four new subs and promises more.

August Anderson, Chicago, takes two city sub cards at 25 cents each, good for one month's city subscription and goes after a couple of voters before they get to the polls.

Ed Anderson, Joliet, Ill., takes 1,000 clock leaflets to warn the workers and add to the supporters of a working class press. Leaflets cost 50 cents for 500 or \$1 for one thousand.

HUSTLERS' DAILY CARTOON

(Not by Savage.)

"John Jones, last week I ASKED you to help me get names for the Convention Series. Now YOU GET TO WORK! I want that column and cuff design and if I don't get it I won't see my fault."

Hope the other comrades realize the necessity of prompt action. This is the way A. S. Shelley, New Castle, Pa., writes.

"Here's a dollar to help over the hump. If all the boys do we'll be on Easy Street. Keep 'em coming," says Dr. T. Morris, Columbus, Ohio.

A 20-cent donation comes from E. S. Potts, Edgerton, Ohio. The fact that the nickels and dimes of the working class give life to the Daily is so formidable.

And along with your other hustling see that the Convention Series gets the best it needs of you, hands, brains, and names principally for the resulting good to Socialism, and secondly, for the list of prizes offered for lists.

Ed Tremper, Rice Lake, Wis., orders a dollar's worth of sub cards as bait for the unwary.

"St. Joseph, Mo.," remits \$10 on a share of sub cards and \$5 worth of sub cards in addition. Daily.

L. H. De Witt, Ft. Wayne, Ind., thinks the slacker in his town is about the worth of sub cards from him. So he orders that amount and pushes the campaign for education.

R. J. (Ashburn) Chicago, takes two 20-cent sub cards and sends after a couple of the wayward. He'll land them, too.

Geat Larson, Rockford, Ill., sends for sub cards and prepares to boycott the plunder-bund.

J. Burgess, Chicago, takes seven city sub cards and pushes circulation where it is most needed and where it means most to the success of the Daily.

Slam them hard, Hustlers. The opposition needs it and so do you. It is more blessed to give the pliers, dig than to receive (forefaded dig). If we overcome them this time, we'll MAKE them reckon with us in the future.

Here is today's list of readers who get in one subscriber each. It is from the list that the new Hustler comes. Watch for names in your town and encourage the beginner:
