RENEW CRUSADE ON WHITE SLAVES Officers Raid "Bob" Grey's "California" and Arrest Six of the Women

The United States government crusade against "white slavery," which has languished since recent decisions on the constitutionality of the law, was revived with vigor last night when deputy marshals made a sensational raid on the resort known as the "California," conducted by "Bob" Grey, at 2102 and 2111 Armour avenue.

Woman Imported into America The house was surrounded by the officers and six women, including the wife of the proprietor, said to have been imported into the country for improper purposes, were placed under arrest. All were taken to the county jail.

Proprietor Caught in Window Grey himself is said to have been extricated through the united efforts of three officers from a rear window, through which he had attempted to crawl and in which he had become wedged because of his great bulk.

THINK HARRIMAN IS UNDER KNIFE

Quintet of Doctors at Wizard's Home Thought to Be Planning Operation

Arden, N. Y., Aug. 30.—That something unusual and of the gravest importance has transpired in the great stone mansion of E. H. Harriman on the top of Tower Hill, which overlooks the Ramapo mountains, is about to transpire, is the unanimous and firm belief of three squads of newspaper reporters, who are stationed, respectively, at Turners, at this place and at the foot of the private inclined railway which leads to the summit of Tower Hill.

Surgeons Operation Performed These watchers have closely observed every movement and their reports indicate that Dr. George W. Crile, the famous Cleveland surgeon; Dr. Lyle, the Harriman special physician, and three other doctors passed the night in the Harriman home.

Patient Cuts Out All Business Mr. Harriman rested all day yesterday, not even dictating his mind by consulting with his private secretary while outside the house.

Armed Patrol at the Grounds Telephone communication between the mansion and the outside world has been cut off purposely and today the patrol about the grounds has been doubled and it is said, fully armed, in readiness to keep off those who would seek definite information.

WAYMAN FOURFLUSH EXPOSED BY VERDICT

"Not guilty" was the verdict rendered today in the case of Ellis Marks, proprietor of the old "Silver Moon," 215 West Madison street, following the half hearted prosecution of the state's attorney's office.

Marks Near Conviction Sentiment aroused by the state's attorney's graft investigation is believed to have entered the case. At one time the jury stood 7 to 5 for conviction and it filtered from the room that the men who stood for conviction did all the arguing, contending that the evidence showed that Marks was conducting a place not in keeping with the law.

OFFER NEW WAGE SCALE

Mitten Wants 30-Cent Limit Given Men in Nine Years While Fisher Wants It in Five Differences Result in a Compromise Unionists Consider Proposition Ridiculous and Will Undoubtedly Turn It Down

When the representatives of the unions and the street car companies met in Walter L. Fisher's office Monday at 11 o'clock another of Mr. Fisher's dreams of harmony will be rudely shattered, for the union men will be sure to turn down the wage scale which Fisher, with the aid of Mitten, seeks to foist on the men. This scale is declared by individual members of the union wage scale committee to be ridiculous.

Tricky Scale Presented Fisher had claimed to desire a five-year scheme and Mitten wanted a scale covering 9 years for the old men and seven years for the new men. This resulted in the trickiest scale so far presented to the men. While the joint wage scale committees of the union will give no official opinion, personal opinions indicate the reputation of the scale and this is why:

New Scale a Compromise The way in which this scale was reached is interesting. Mitten had claimed that the men who had been nine years in the service should be given 30 cents an hour now, the other men now employed to receive 20 cents an hour when they had completed nine years of service. The new men were to be started at 25 cents and at the end of the sixth year, and through the seventh, they were to receive 30 cents an hour. Fisher had hoped to get a scale which would place all the employees in the thirty-cent class at the end of five years, taking five years' service as the standard for immediate increase to 30 cents an hour. The wonderful scale quoted above was the compromise reached between the two views.

Fisher on Other Side? Auditors of the Chicago Railway company are engaged today in working out a financial statement of the effect of the scale on that road and the Chicago City Railway company. The auditors might just as well be spared their work for it will be futile in bringing about peace. Just before the compromise scale was agreed on by Fisher, Mitten and Roach had left the conference and were seated in another office. Mr. Roach was called to the telephone and Mitten was asked what he thought of the situation.

Mitten Should Be Satisfied Just then Roach came in and Mitten became silent. Street car men say today that Mitten ought to be well satisfied with Fisher's new scale as they say it is Mitten's reality.

BEWARE OF THE BARBER, DENEEN

Governor by Appointing Boss Barbers on Board Angers Journeymen's Union

Governor Deneen would do well to buy a safety razor and avoid barber shops in the near future.

Three Reasons Why
There are three reasons—the three bosses put on the board—why the governor should purchase a safety razor or else grow a beard:

Will Lose Barbers' Support
"Governor Deneen will never get anything more from the Journeymen barbers of Illinois," said Secretary A. C. Mandall of the Journeymen Barbers' union this morning.

SOCIALIST CHAUTAUQUA

BY LUELLA TWINING.

The Woman's Socialist Union held its Chautauqua August 19 at Huntington Beach. It was an all-day session, commencing at 11 o'clock in the morning and lasting until 11 o'clock at night. The meetings certainly were a surprise to every one. I think some expected a rather indifferent program, but they were pleasantly disappointed, for the speeches and the papers were of the highest order. The program was as follows: MORNING. 11:00—Music. 11:10—The Woman's Socialist Union and Its Work. Mrs. Ethel Whitehead, Pasadena. 11:25—The Homes of the Pennsylvania Miners. Mrs. A. G. Linn, Huntington Beach. 11:45—Discussion. AFTERNOON. 1:30—Music. 1:40—Hygiene for Women. How Affected by Economic Conditions. Mrs. J. M. Williams, Los Angeles. 2:00—Discussion. 2:10—The Ballot for Women. Mrs. Stewart, Huntington Beach. 2:30—Discussion. 2:45—Music. 3:00—Karl Marx. Mrs. S. E. Bowman, Los Angeles. 3:15—Intermission. 3:15—The White Slave Traffic. Mrs. A. H. Downing, Los Angeles. 3:35—Discussion. 3:55—Socialism—What It Is and What It Is Not. Georgia Kotach, Los Angeles. 4:15—Discussion. EVENING. 8:00—Music. 8:10—The Christian Socialist Fellowship. R. V. T. Williams, Los Angeles. 8:40—Music. 8:50—The Root of the Matter. Mary E. Garbutt, Los Angeles. 9:15—Fred Warren. Luella Twining. Ethel Whitehead, the president of the union, gave an account of her experiences through the state organizing. She has been able to organize the women in almost every place she has visited, which shows they accept the teachings

FRATERNIZING WITH CAPITAL

BY THERESA MALKIEL

Though we love kind peace so well, We dare not even by silence sanction lies.

At a time when the strike at McKee's Rocks, with all its injustice, its horrors and cruelties, defines clearly the

THERESA MALKIEL

relations between capital and labor. Mrs. J. Borden Harriman, a pillar of the National Civic federation, determined to convince the working class and progressive people in California, read a splendid paper on "The Root of the Matter." It was a good analysis of the profit system. I spoke on the "Fred Warren Case," and presented resolutions which were unanimously adopted.

bor organization to dine with her, so that she might demonstrate her views to them. Her move was good bait for the poor simpletons, who have still a streak of selfishness in their blood; they were delighted to come in close contact with wealth, to press the hand of one of their masters, to gorge themselves for once, with the good things from a rich table.

The food consumed and eternal fraternally solemnized by goblets of good wine. My Lady arose to make the speech of the day. She commenced, of course, with a declaration of love for her guests as well as for the entire working class, and spoke of the glory of human brotherhood which she added must not infringe on the individual whose right is supreme. At this point Mrs. Harriman dwelt at length on the fact that in this land of the free each man can make or mar his life, independently of the system under which he is living, claiming that present society is really not responsible for the suffering of the working class.

Undoubtedly the lady knew better! But why should she have spoken differently, when they, the working men and women, get up for their labor, the less they are left by Mrs. Harriman and her kind. That the workingman's gain is

THE WOMAN'S WORK

Mrs. Harriet D'Orsay is chairman of the woman's committee at Lynn, Mass. We held a good street meeting at that point and the organization was also well attended.

Hyannis and Sandwich, Mass., were the only towns visited on Cape Cod. Hyannis lives almost entirely on its summer visitors and Sandwich has recently lost a glass industry which employed from three to four thousand men. Audiences listened attentively at both points but no organization work was done.

Boston does not permit the taking of collections at street meetings. At Pemberton Square Comrades DeBell and Zontaris passed the hat but were haled into court for so doing. The Boston Club subscribed for The Progressive Woman for each of its women members. Comrades Sarah S. Perkins, Geo. W. Galvin, Grace Silver, Walter Kreutz and Comrade Goldstein, Casey and Cooper were elected a committee to further the woman's agitation in Boston and also to consider ways and means of extending the woman's agitation through the state. As previously reported they ordered 250 Progressive Woman cards and 1,000 copies of the paper for use at the state picnic on August 12.

By arrangement of Comrade Max Marder and Miss Ida Freeman, a large audience, consisting chiefly of Jewish students, listened to an address on Socialism and the home at Civic Service House on the evenings of Aug. 13.

FOR HOME DRESSMAKERS

3323 LADIES' SHIRTWAIST. Paris Pattern No. 3323. All Seams Allowed. Pale gray messaline has been used in the development of this pretty waist, which is particularly suitable for the first days of early spring. The fullness of the front and back is tucked and attached to a square yoke of the material, this yoke being hidden by a fancy collar. Inset with medallion of cream-colored lace and hand-embroidered with ivory silk lines in a similar shade. Inset with lace trim either side of the waist, and finish the lower edge of the long close-fitting sleeves. The collar may be omitted, if desired, and the waist is sold in place by a shapely bodice. The model shown at the center-back and is adaptable in almost any material. The pattern is in 4 sizes—32 to 42 inches bust measure. For 36 bust the waist requires 5 1/2 yards of material 36 inches wide, 3 3/4 yards 27 inches wide, 3 1/2 yards 24 inches wide, or 3 1/4 yards 24 inches wide. Price of Pattern, 10 cents.

A Rawhide Stump Puller

Riggers were having trouble with a safe suspended in midair in front of a Park Row building Saturday morning, and it attracted the attention of the aristocracy filling the benches in City Hall Park. Dirigible Smith, having talked one man off his bench, started in on a newcomer. "They ought to have buckskin tackle for that," said Dirigible, nodding in the direction of the safe.

come out. Well, old Jim made good, but he had to resort to certain hydraulic principles before he done it. "When we got down to Jim's place at 19 o'clock he had double buckskin ropes runnin' from the old white oak to the well, the ends of the ropes being clear down to the bottom of the well. Well, it worked like a charm. The sun came out good and hot, the usual shrinkin' took place, and that old white oak was yanked out by the roots in twenty-nine minutes by the clock. It worked slick as grease."

HOUSEHOLD HINTS

When Cooking Peas it may be useful to the cook to know that French cooks add a teaspoonful of sugar to each quart of water in which peas, marrow and other green vegetables are cooked. This brings out the flavor, especially in very young peas, which the French cook serves, pods and all, with cream.

To Polish Linen.—To give a fine polish to linen, use lukewarm water instead of cold to break down the starch. When it has been reduced to the required consistency by boiling water, add a pinch of fine salt and stir several times with a wax candle. This will make the iron run smoothly and give a polish to the linen that nothing else can impart.

CHILDREN'S CORNER

My Bookcase

Once upon a time there was a great big mother oak who had an acorn baby. The baby grew to be a big acorn and one day late in the fall the acorn said "Goodbye" and dropped down to her mother's feet and after a year or two a little baby tree began to grow at the bottom of the tree.

Longfellow's First Poem

When the poet, Longfellow, was nine years old, his school master wanted him to write a composition. Little Henry, like all children, shrank from the undertaking. His master said: "You can write, can you not?" "Yes," was the reply.

SELF TRANSFERABLE EMBROIDERY DESIGNS

Directions for using: Place pattern face downward on the material and press with a hot iron, being careful that the material to be stamped is laid on a smooth surface and is free from all wrinkles.

Gettin' Washed

At breakfast, when I'm kinder late an' hurry to my place, An' want'er eat, some persons says, "Oh, what a dirty face!" Or, "Leave the table right away, those hands are in disgrace!" An' when I come back nice an' clean, my mother says she fears I didn't take a lot of pins to wash behin' my ears.

MR. FINNEY'S TURNIP

Mr. Finney had a turnip, And it grew and it grew, And it grew behind the barn, And the turnip did no harm.
