VICTOR L. BERGER TAKES HIS PLACE IN CONGRESS

Capture Butte, Mont., and Flint, Mich.

FIRST SOCIALIST TAKES SEAT IN BIG LEGISLATIVE BODY

"I Represent 600,000 American Voters," Says Congressman Berger.

BERGER'S MESSAGE TO SOCIALISTS AND WORKERS

BY VICTOR L. BERGER
Special Correspondence.
Washington, D. C., April 4.—"The entrance of a Socialist into Congress marks the beginning of a new chapter in the history of the movement in our country.

"While I am very proud of having the good fortune to be the first congressional representative of our party, at the same time I realize that I am facing a bigger problem than was ever faced by any representative of the Socialist movement.

Berger Seeks Working Class
Washington, D. C., April 4.—Before entering our capitalistic congress, Victor L. Berger sought the working class of Washington and addressed enthusiastic meetings of the local Socialist party and organized labor.

By United Press.
Washington, April 4.—The advent of the Socialist party in congress today is an event of international importance.

Represents 600,000 Voters
"Of course, I realize that I am but one congressman among nearly 500 in the two houses," said Berger.

What He Stands For
"In common with Socialist legislators all over the world, I shall stand for every measure, no matter by whom introduced, which gives greater political freedom or economic security to the working class; which safeguards the toilers at their tasks; which takes women and children from the factory, which lessens the burdens and misery

DON'T THROW AWAY VOTE, LAST PLEA

Rodriguez, Socialist Candidate for Mayor, Brings Campaign to End.

PLEDGE THEIR SUPPORT

Local No. 254 of the United Garment Workers of America, meeting last night at Maxwell and Halsted streets, advised its members to vote for William E. Rodriguez and the whole Socialist ticket today.

Workers Compose Audience
The audience was composed of workmen, with here and there a few women. All showed that they have to work hard for a living, and the cheering was great when Rodriguez called on the men to go to the ballot box and vote for themselves.

Question of Power
"The whole thing is a question of power. If in addition to the power which the big businessman has because of his wealth he has also the city government on his side you can see that the lot of the striker is a hard one."

Best Man Is Worst
"The best man for the capitalist is the worst man for the workman. No man in Chicago can tell me or anyone else that John G. Shedd, head of Marshall Field & Co., has ever helped a labor union, nor that Charles R. Crane, vice president of the Crane company, has nor that Julius Rosen-

Suburbs, Too
Socialists in Walkerville, a suburb of Butte, elected two of three aldermen. The Rev. L. J. Dunbar, Unitarian minister, and a Socialist, is elected mayor of Butte over J. J. Quinn, Democrat.

Defeat of Grafters
B. H. McCarthy, Democratic candidate and incumbent, who, according to the audit, owes the city about \$12,000, was a poor third in the contest for treasurer.

Get After Non-Socialists
Since then the struggle has been one continuous fight for the education of the non-Socialists. The successful era of hard work within the party was climaxed last October by the biggest and most enthusiastic convention ever held in the state. It was at this convention that the Socialists got down to "brass tacks" and, although they did not carry the full election, they more than made up for the lost time wasted in internal criticism.

Wichita to Win, Too
Socialists of Wichita, Kan., claim they will elect their ticket at today's municipal election. The city is under the commission form of government.

Men and Women of Toil in Milwaukee Fight Big Combine.

Milwaukee, Wis., April 4.—Inspired by the fact that Victor L. Berger takes his seat in congress today the workmen and women of this city are rallying at the polls to balk the bi-partisan combination which is attacking the Socialist administration with the power of press and pulpit.

The Socialists express confidence in electing their five candidates—Mrs. Hulda D. J. Patterson and Jacob H. Rubin for school directors; John C. THE VALUE OF BASE RUNNING: BY MANAGER HUGH DUFFY

Base stealing is one of the accomplishments of a ball player that requires more than an ordinary amount of skill. Speed, of course, is essential to the good base runner, but it is not always the fastest man that does the most pilfering of bases. The man who uses his head and knows when to take advantage of his opportunities frequently makes up for the lack of speed. I have known some rather slow runners who were grand base stealers. And I have known other players who could run a hundred yards in ten seconds flat who were always getting caught when trying to steal a base.

To get a long lead off first is essential when a runner intends to steal second. A six-foot lead often means a stoic base in the race between the runner and the ball thrown by the backstop. The clever runner keeps the pitcher worried and frequently makes him nervous. The runner who can throw from the pitcher to first frequently advances by reason of a wild throw or a muff by the first baseman. It requires considerable skill to return to first from a long lead when the pitcher whips the ball across the diamond. Base runners should keep an eye on the pitcher every second and watch for his motion to discover if he intends to pitch or throw to second. They should have the distance they stand from the bag measured to the fraction of an inch, to be able to get hand or foot on the base before the first baseman can touch them. A good base runner always has a slide or dogging motion which helps him get around the second baseman at the end of his sprint. Fielder Jones used to slide around the infielder in a way that made him extremely difficult to touch. With his body on the ground he would shove one foot onto the bag and get away with a stolen base, often when the fielder had the ball in time to retire him but for his cleverness. Base stealing cannot be overestimated as a value in winning games. Many a tight game has been decided by a stolen base. If the runner that gets on first can make his way to the next station unaided, he is in a position to score on a long single, while it would be next to impossible to score from first on a two-base hit unless it was an exceptionally long hit and he a particularly fleet runner. I advocate more practice of base running. Ty Cobb is as valuable to the Detroit club because of his wonderful base running ability as he is for his batting and fielding. He wins as many games by his ability to get around the bases as he does with his batting. Many players fail to make good on the bases because they do not keep track of the ball. They run blindly. It is necessary to know just where the ball is all of the time, but it is not necessary to turn and watch the ball to know where it is, and thus interfere with a runner's speed. I consider a base runner as valuable as a good hitter. When I find the combination in one man I consider myself doubly fortunate.

GET READY FOR BIG AERO MEET

Graham-White, Clifford and Harmon Students Among the Contestants.

Two gliders have already been completed and workmen are now engaged upon a third. Permanent grand stands and hangers will be built upon the field and completed in time for the big aviation meet in September. Harvard Captain Electid Because He Can Play Game

HARVARD CAPTAIN ELECTID BECAUSE HE CAN PLAY GAME

CAPTAIN CHICK MCLAUGHLIN. After the flings taken at "fair Harvard" it is somewhat surprising to find a chap named McLaughlin captain of the varsity nine, but inasmuch as it was the means of bundling defeat to Yale upon two occasions, even exclusive Harvard could not do much less. In one game he drove home the winning run in the eleventh and upon the other he scored two runs in the second inning that eventually won the game. Last year McLaughlin played first, pitched and fielded in at whatever point a good man was needed. He shines with the stick, being a dangerous man at any time and especially in a pinch.

THREE EYE MAY PLAY TEN CLUBS

"Passing the buck" once more and declining to take arbitrary action the National Baseball commission, Monday, after a lengthy session, "recommended" that the Three I League play out this season with a ten club schedule, including Waterloo, Quincy and Decatur. Call in Tearney After arguing over the matter for hours the commission called in President Tierney of the league, representing the southern clubs and the northern club magnates and asked them to settle the affair themselves. The commission declared that it did not wish arbitrarily to rule in the matter, but asked the magnates to agree to play out the schedule with a ten club league. They decline to recede from their original decision that Waterloo must remain in the league. Expect Results President Tierney and the northern magnates went into the conference with anything but a peaceful frame of mind. But a definite decision or agreement was expected to result. GRAMMAR SCHOOLS IN NEW ATHLETIC LEAGUE Six grammar schools on the west side have organized a Grammar School Athletic league at west park No. 2, and already several meets have been arranged. The school entered are Washburn, Jewish Training, Foster, Garfield, Spring and Smyth. An indoor ball tournament will be started this week and an indoor track meet will be held May 1.

EXPECT FRANCE TO COP ONTO AERO BLUE RIBBON

New York, April 4.—That France will capture the international cup, the blue ribbon of the air, at the aviation tournament in England, is the general belief in Europe, according to Marie L. Ovington, the Newtown Highlands, Mass., aviator. Ovington will be a competitor in the elimination trials at Belmont Park in May. He won a pilot aviator's certificate as a member of the Bleriot school at Pau, France. Ovington is going to try and get permission from the authorities to fly in a Bleriot monoplane from Governor's Island along Broadway. His new machine is 29 feet wide and 25 feet long. ABE ATTELL READY TO LEAVE THE RINGSIDE New York, April 4.—Abe Attell, the clever California champion, is probably through with the fighting game. The champion's left arm, which he injured in his bout with Tommy Kilbane, and then hurt again in his whirlwind finish with Frankie Burns, will likely cost him his wonderful speed and cleverness in the ring. At any event Attell will have to take a long rest. He says his physicians have advised him to stay away from the game for six months at least. If at the end of that time the arm does not show signs of permanent mending, the champion will step down and out. BILLIARD ARTIST IN SURPRISE ON PARISIANS New York, April 4.—Willie Hoppe, holder of the world's championship at 18.1 and 18.2 balkline billiards, has been causing a stir in France by his brilliant play at the Olympic cafe. In the first of his 1,200 point matches against Cure at 18.2 balkline Hoppe finished with an average slightly above 65. Since that game he played one in which he carried the average up to 81.

"NIX ON GLORY, WE WANT CASH," ULTIMATUM OF JAP WRESTLERS

Tokyo, Japan, Feb. 23.—The wrestlers of Japan have gone on a strike until they are paid a salary and not compelled to exist on glory, as they have done for centuries. The beating of drums had announced the semi-annual ten-day matches in Ekko In temple when the wrestlers for the sport. The spectators sit around a sandbed ring of empty straw bags. At opposite sides is a bucket of water, a basket of salt and a bundle of paper. Each wrestler takes a pinch of salt, to purify his body, a mouthful of water and wipes his hands on the paper. The festivities then begin. As soon as the referee sees one of the men is wounded he stops the bout. During the contest the spectators throw clothing and jewelry in the ring which they are allowed to redeem by a cash present to the management. There have been less than twenty champions in the whole history of the wrestling game in Japan, extending over hundreds of years, but at present there are two in Tokyo. It is a legend of the empire that once the Japanese throne was the stake in a wrestling match. In the ninth century two sons of the deceased Mikado decided to battle on the mat for the right to reign. Fat and muscle are the requisites for a wrestler. The men are trained from infancy, but despite their great weight they are wonderfully quick on their feet. threw down their defl. "No cash, no wrestle" was the ultimatum issued to the promoters who had waxed wealthy on the fat men of the empire who had previously considered the glory and their board sufficient recompense. It has always been a sort of "heads I win and tails you lose" proposition for them. They are now trying to have a fair division of the gate receipts and all Japan is astounded. So astonished were some of the managers that they threatened to commit hari-kari, which consists in cutting your stomach with a sword and shuffling off the coil. "That didn't worry the wrestlers. They stood pat. And there the matter stands. Each year the wrestling matches are held in a great temple, built especially

Baseball's Boiled Bulletins

Heavy rains followed the Napiets south last night and although Monday was the first day in more than a week that the sun has shown down bright and warm on them, the Louisville grounds were unplayable and the first game of the series with the Colonels had to be postponed. It is barely possible that a double-header may be played tomorrow, weather permitting. The local management has suggested the plan and as both teams are much in need of work it may be carried out. Addie Joss was overcome by heat at the Chattanooga ball park Monday and had to be rushed to the hospital. Joss had just arrived at the park and had not started practice. He was talking to Rudy Hulswit when he keeled over. The players threw water in his face and revived him, but a physician advised that he be hurried to a hospital and given attention that would enable him to leave with the club. The Giants are now on the last stages of their training trip. After the game at Greensboro the New York league team is gradually moving up Northward, arriving at the Polo Grounds for the first game of the season here with Tale. Today the Giants play Norfolk, Wednesday and Thursday they will try to beat Richmond, Friday will find them in Baltimore and then the overnight jump for home grounds. A cold, drizzly rain drowned out all chance for sch-duled game between the Chicago White Sox and the Quincy Central league team at Quincy, Ill. The third game of the series between the New York Americans and Cincinnati was postponed on account of rain. Quintavari writes: "Harper had my men on staff whiffing 17, but take it from me, he's
