The very gift for Christmas. Every boy, girl, man, woman or child who writes wants a Conklin's Self-Filling Fountain Pen—the best that can be filled in a jiffy and will produce perfect lines—without the aid of a mussy dropper, without taking pen cap. Writes at the first touch of pen to paper.

It is the only young folks in their school work and home study who buy a fountain pen. They prefer it to all other fountain pens, because they are so simple, so handy, so reliable, so durable, so perfect in every respect.

By reason of their simple writing, "Will give you all satisfaction in the way of writing, and make your school work and your work a pleasure."
