### The Socialist Party

COUNTY ORGANIZATION  
The Socialist Party has been organized in the county for the purpose of promoting the interests of the working class and of the oppressed and exploited masses of the people.

That this change is entirely valid by the county organization plan is being demonstrated in other states and there is not one that would be so ready to do so as the one in this county.

RAILWAY BONDS  
The committee on the railway bonds is now in the hands of the state and the people are being asked to subscribe to them.

NOW IS YOUR CHANCE  
You have long wanted to see the industrial development of this state and now is your chance to do so.

### Women's Dep't

For seven or eight years Miss Taylor has been active in the work of the Women's Department of the Socialist Party. She has been successful in organizing many women into the party and has been a most successful speaker at many public meetings.

WHERE WOMEN VOTE  
The women of this county are being urged to vote for the Socialist Party in the coming election.

From the working class standpoint, these are not prejudicial against the women of the county.

In the state's politics are women. They have made the "wretched" vote a matter to be always reckoned with. They have got an answer of good wherever there have not set eyes on "ballistic" them.

There is less to report in this regard than could be wished. Women of the working class are getting more aware to their own class interests and on the sum of that class.

They have blundered quite as stupidly as their brothers. They have been so easily duped into voting for some reform laws forgetting that such class solidarity as the ballot will effect real results.

The working class women of the working class, as of all classes, have been deceived by the reform laws. In addition, they are being deceived by the reform laws.

How long is it to be in the state's politics are women. They have made the "wretched" vote a matter to be always reckoned with.
