CHRIST IN CHINA, OR—WHY HESITATE?

By George R. Kirkpatrick

Christian Europeans captured North America and South America—with wealth as their motive and the Cross as a veil for the theft. Likewise Christian Europeans have “taken Australia for Christ”—also for farms, forests, mines and sheep ranges. Africa also has been “saved.” England stole large parts of Africa; Belgium stole large parts of Africa; Portugal, Spain and Italy grabbed “theirs” in Africa—“for Jesus sake”; likewise Germany carried the Cross—and the cannon—into Africa, while Turkey carried the Crescent and the scimitar into Africa—primarily as a real estate enterprise. France with similar force and fraud has stolen a territory in Africa a thousand miles wide and twelve hundred miles long “in the name of the Lord, Jesus Christ”—and for what there is in it. Christian Russia, under the Czar, stole a strip in Asia twenty-five hundred miles wide and nearly five thousand miles long—“in His name.”

Russia has repeatedly stolen slices of territory from China “in His name.” Japan has stolen part of China; England, France, Italy and Germany have stolen parts of China—with appropriate hypocritical snivelling about “missionary work among the heathen.” The United States has diplomatically “taken” the Panama strip, Hawaii and the Philippine Islands—and is hungry for her share of China, and is only half ashamed to admit it.

The deadly gases are ready; the flying machines are ready; cannon, rifles and machine guns are ready; bombs and battleships are already carefully blessed and baptized for “Christian enterprise” in

China. Missionaries and free-booters, bibles and whiskey—everything is ready.

China has been bled by her Christian saviours; China is crucified by and between thieves. China is double-crossed.

China needs help.

China is helpless—swamped in ignorance and consequent surplus life!

In Formosa (till recently part of China) one-half of the children die before they are two years old.

The two fundamental vital forces rule among the hungry and helpless Chinese—as in the lower animal world,—the desire for food and the reproductive desire,—the spawning instinct; China suffers from over-populated families, suffers frightfully!

Progress is choked with the results of ignorance. Happiness is blasted in darkness.

Ignorance curses China—makes her an easy prey to the civilized harpies of the world. Poverty curses China—makes her easy meat for civilized capitalist jackals, ever ready to fatten on the famished flesh of the multitude in China,—caught, stuck—in the mud of ignorance,—spawning, spawning, spawning!

Four hundred and fifty million human creatures are forced into the helpless struggle for existence in China every twenty-five years,—to be hungry, cold, fleeced, blighted, blasted—defeated—cursed with existence.

The cost of one big battleship would be sufficient to provide every woman in China with one piece of priceless information, — information used by the

THE SOCIALIST WORLD

by the

SOCIALIST PARTY OF AMERICA

BERTHA HALE WHITE _____ Bus. Mgr.

wives of all bankers, bishops, senators, judges, governors, and cabinet secretaries in the United States—information on voluntary parenthood; that is, a harmless, painless method for preventing conception.

Why hesitate to save China?

Hundreds of millions are spawned to be recklessly cut down in childhood or early youth by hunger, cold, disease and dirt. Why hesitate to carry scientific knowledge to China rather than cigarettes and whiskey? Many millions are spawned in China to grow up and then be so completely fleeced and defeated that but one great gratification remains.

Why hesitate to save China with common sense?

Why hesitate to have every noble-minded missionary provided with an abundance of the literature of light, the light to prevent the blight of blind excess in the hovels of the miserable thruout the world?

But jackals, buzzards, harpies, diplomats, states-

men and big business men are out for power, place and plunder, and are not interested in spreading salvation through information. Hence the cry, the wail, the sob, that comes out of China,—swelling around the world, mocking the pretending devotees of human progress, who hesitate to enlighten the world, but do not hesitate to rush to the devilish business of stealing the earth,—the devilish business of profits,—lying, cheating and sneaking for profits—even war for profits.

For ten thousand years there has been no hesitation in international thieving. There is no hesitation now.

Christ in China?

Christ said a splendid thing,—“The truth will make you free!” Why hesitate to carry the plain truth of voluntary parenthood to the gaunt, sad-faced women of China—the tens of millions of sad and silent slaves in the chains of ignorance?

This earth can not ultimately sustain all who may be ultimately spawned into the world.

Ultimately the human race will be regulated by science or ruined by recklessness; led by light or defeated by ignorance.

This is the Age of the Prude and the Plunderer—with consequent ignorance and agony.

EUROPEAN SOCIALISTS TO VISIT AMERICA

During the early fall months this country will be visited by a number of prominent European Socialists and Laborites, who will be here to attend the conferences of the Inter-Parliamentary Union in Washington, D. C., and in Ottawa, Canada, to be held in October.

Among those who will visit America and have signified their willingness to address a limited number of meetings under the auspices of the Socialist Party while here are Arthur Henderson, Secretary for Home Affairs in the Labor cabinet in England; Morgan Jones, Under-Secretary for Education in the Labor Government; Rhys Davies, Under-Secretary for Home Affairs in the Labor Government (the latter two are Welshmen); Rennie Smith, T. Williams, W. Paling and W. Mackinder, all, with Henderson, Jones and Davies, now Labor members of Parliament; Kurt Rosenfeld, Socialist member of the Reichstag; and Pierre Renaudel, Socialist member of the French Chamber of Deputies.

The latter, considered the greatest orator in France, speaks French only; Comrade Rosenfeld speaks German only; Comrade Rennie Smith speaks both English and German; and the others named speak English only.

Comrade Henderson will arrive in this country in

October and will be able to give to the party but three speaking dates, sometime after October 18. Comrade Smith's visit will be more extended, as he expects to arrive in New York about the middle of August and will remain here until the latter part of October. Dates at the disposal of the party for this speaker, who comes highly recommended (as in fact do all the others), are for the month of September. As for the other visitors, the dates they can give us are for late September and part of October.

Applications for lecture dates for any or all of the speakers named should be sent to the National Office of the Socialist party at the very earliest moment. On account of the limited time at their disposal, most of the speakers will be unable to travel farther west than the Mississippi to fill engagements. On the other hand, Comrade Rosenfeld has expressed a desire for meetings in the west, but will fill engagements in other parts of the country also.

The visit of these comrades who have been taking an active part in recent years in shaping the destiny of Europe, offers the Socialists and workers of America an excellent opportunity to learn from first-hand information about the struggles and triumphs of their comrades and fellow-workers in other countries where the Labor movement is power-

ful in governmental affairs—and swiftly moving forward to early and ultimate victory. It is an opportunity that should be taken full advantage of, either by party locals acting alone or in co-operation with labor unions, Workmen's Circles and similar progressive organizations. But don't wait—send in your application now for meetings, or write for terms to the National Office; *now* while the services of the several speakers still are available.

The Regional Conventions

To date three very successful regional conventions and mass meetings have been held in the middle-west—at Cleveland, Minneapolis and St. Louis, in the order named. In each of these cities Socialists assembled from nearby states and spent an entire day discussing organization problems, party propaganda, finance and promotion of The American Appeal. Eugene V. Debs, as national chairman of the Socialist party, presided at the gatherings.

In connection with the conventions great mass meetings were held on the second day, attended by thousands in each city. At these meetings, which

were addressed by Comrade Debs as the principal speaker, large quantities of literature were sold, hundreds of subscriptions were taken for the new weekly, and generous contributions were received for party organization purposes.

Four more regional conventions and mass meetings with Debs in attendance will be held during the remainder of the summer: the next one in Los Angeles on July 25-26, followed by others in San Francisco on August 1-2, Chicago on August 29-30, and New York on September 19-20.

The effect of the celebrations held thus far has been to revive the general interest in Socialism in the districts covered and to arouse the Socialists to greater activity in working for the up-building of the party organization. Scores of applications for membership were received and hundreds of names were secured of those in attendance who are now being canvassed by organizers in the campaign to build up the locals in the conventions districts.

Readers of this paper should make a note of the convention dates in their respective districts and begin planning to attend the nearest celebration.

THE AMERICAN APPEAL

The National Office of the Socialist Party is planning to launch a new national propaganda newspaper on January 1, 1926, with Eugene V. Debs as editor-in-chief.

No plan adopted by the party in recent years has met with such universal favor and enthusiasm as that of starting a militant weekly with so capable and popular a man as Comrade Debs as chief editor.

The name of the new publication will be *The American Appeal*. It will be owned and controlled, and its policy will be determined by the Socialist Party. This alone is sufficient guarantee that at all times the paper will be true to the party and to the principles for which it stands.

The further fact that Eugene V. Debs will be its editor is additional guarantee that the paper will be a militant, fighting organ of Labor, and at the same time sanely constructive in its policy, teaching the workers economic and political truths and promoting organization among them.

The date of publication of the first issue has been set for the first of next January. This was done to give the comrades ample time to build up a large circulation in advance—and thus assure the financial stability of the paper right from the start.

This means that during the next six months we must secure one hundred thousand subscriptions—

which is a big job but not as hard as it looks—if every member of the party helps.

IF EVERY MEMBER DURING THE NEXT SIX MONTHS WILL SEND IN ONLY TEN SUBSCRIPTIONS—TEN IN SIX MONTHS — THE JOB WILL BE DONE AND THE PAPER WILL BE LAUNCHED TO A FLYING START.

Your part of the program to establish the kind of a party-owned paper you have always wanted and have long waited for is to get your quota of subscriptions—ten during the next six months.

The American Appeal will be a standard size, four-page weekly containing articles by the best writers in the Socialist and Labor movement. It will be a militant organ and will fight uncompromisingly the every-day battles of the working class. Its style will be such as will appeal most strongly to the average man or woman.

The subscription rates are 50 cents for six months and \$1.00 for a year. "Sub" cards are now on sale at the National Office and will be mailed on receipt of orders.

We suggest as the most practical method of getting subscriptions the creation of a Revolving Fund; that is, the investment of a certain amount of money in subscription cards. These cards can then be sold, the money again invested, and this can be kept up

indefinitely, thus requiring a very small initial investment and making the getting of subscriptions much easier by always having a supply of cards on hand—cards which at any time can be converted into cash should the money be needed for other purposes.

We know there is much enthusiasm regarding the paper, and that upon its success will in large measure depend the revival of interest in Socialism and the re-building of the party. But, comrade, that enthusiasm must be backed by Action—and backed to the limit. To reach by January 1 the 100,000 mark which Comrade Debs hopes to see—a mark that will mean a rebirth for the party—every comrade must respond and furnish his quota of sub-

scriptions during the next six months—ten “subs” each, or less than two “subs” per month.

Who will be the first to order a supply of cards? Who will be the first to fill his quota?

In the first issue of *The American Appeal* a list will be published of the comrades who fill their quotas prior to the date of publication. It will be an Honor Roll—a roster of Socialists who are active and loyal and can be depended upon to support their own press and its editor—Comrade Debs—in the greatest struggle Labor has ever engaged in: the struggle for working class emancipation from exploitation.

Order a supply of “sub” cards—in any quantity—by return mail; be the first one in your community to boost the new paper!

ORGANIZATION

By George R. Kirkpatrick, Organizing Director

“IF THE OTHER WILL, I WILL TOO!”

Our organizers report many persons as saying: “If the others will join I will too.”

In these days it is not difficult to organize or re-organize a local if the Socialists are visited and the matter is courteously presented—of getting together to make an intelligent fight against the increasingly ugly, cruel and insane capitalist system of industry. In hundreds of localities it would be easy to accomplish this without a visit and solicitations from a district organizer. Just about all that is necessary is for some specially energetic Socialist to send out a call for a meeting of the old-timers and friends in some one’s home or office to be held on a given date and at a stated hour; and when six, a dozen or twenty or more have assembled, talk it over, sign up, pay the dues, elect a temporary secretary and send in an application for a charter—to the State Secretary if the State is organized—or to the National Office.

At the same meeting some plans should be made for doing something—some systematic work regularly—in the way of propoganda and party-building. This is most important. *The local that works will live—and grow.*

HERE WE ARE — USE US

Read the preceding section, “If the Others Will, I Will Too,” if you please. Then get busy thus:

1—Make a list of ten to twenty very carefully selected names and addresses—in duplicate—of the Socialists and friends who, you think, would probably like to have a pleasant evening together with you.

2—Send two copies of this list to the National Office, 2653 Washington Blvd., Chicago, Ill.

3—Name the date, hour and place for a good-time meeting of these oldtimers and friends. Select the date with care.

4—Talk over the proposed meeting with as many as you can personally—before the meeting—urging that a nation-wide effort is being made for the organization and re-organization of our movement; urging also that since the working class sooner or later *must* defend itself with the organized political and economic power of workers, we might just as well begin now.

5—If possible, arrange for some entertainment or refreshments, avoiding expense but making it as comradely and socially inviting as you can,—and if you do plan to make the meeting socially attractive as well as politically peppery and profitable, let us know that too.

Thus you do these easy, simple things in preparation for this meeting for the rebuilding of the movement in your community. That’s all. Surely you can do as much as that, can’t you? If when you read this *you* get busy you can count upon it—many another live one is busy doing the same things at the same time you are doing them. It isn’t much you are asked to do.

As soon as your letter reaches the National Office things will begin to happen, for *immediately* this office will get busy in co-operation with you, as follows:

1—We will prepare a letter of invitation for your use in calling your friends and comrades together;

2—We will have this letter mimeographed with

the date, hour and place arranged as you furnish them to us, all ready for your convenient use—for your signature and mailing;

3—We will rush these prepared letters off to you to be *used by you* in assembling the live ones and the lapsed ones and friends to have a good time together, to talk it over, to *organize or re-organize*, and to make some plans for some regular propaganda work—at least a *little every week* by every man, woman and 'youngster' in the group.

4—The National Office will also send to each of as many as 20 of the most promising of these names (as indicated with an X by you) a note direct, urging them to co-operate with you in a loyal, courageous national effort to *face the enemy with a powerful national organization*.

5—An application-for-charter-blank will also be sent you, ready for the organization meeting.

6—The National Office will also hold itself ready to do anything else within its power to co-operate with you.

As soon as this reaches the readers of the Socialist World we want you to begin at once to co-operate with us to the end that a long list of new locals shall be organized within the next thirty days. If thus within thirty days we can make a first-rate beginning we shall find it far easier to show how reasonable and simple this plan is.

One more word: *This plan puts it up to you*. We offer to meet you more than half way. We shall now learn something of many of the men and women who call us "Comrade", something of the quality of their courage and loyalty.

ATTENTION, PLEASE

If you want news, help produce it.

If you want party progress, help produce the progress.

If you want organization, help organize.

If you mean business, kindly answer the following questions—with business-like promptness:

- 1 Do you want the services of a District Organizer in your community?
- 2 Can a District Organizer safely count upon receiving from your local membership any co-operation **IN SERVICE**—in making calls, visiting lapsed party members and good prospects and in soliciting for party memberships?
- 3 Can the District Organizer, operating in your community, count upon co-operation in holding small-group, neighborhood meetings in private homes, offices and such places for conferences, for planning, for drill and for

organizing lapsed members and membership prospects ready or nearly ready for organization?

- 4 Will you *within one week* prepare a list of names and addresses of the best prospects in your community (lapsed Socialists as well as outsiders)—and rush it to the National Office?
- 5 The National Office needs the names and addresses of comrades in communities near yours who (you think) would be interested in organizing or reorganizing. Will you help?

DEBS AND THE WAR

The only book of its kind in the world. At last, here is a book every Socialist will be proud to have.

Five full-page, half-tone pictures in this beautiful book make it worth ten times the price: the frontispiece is a most satisfactory picture of Debs; there are three prison pictures with Debs in prison garb; in one he is receiving the formal notification of his nomination for the presidency of the United States; in another he is planning with the Campaign Committee the 1920 campaign—in the warden's office!! The third prison picture shows Debs receiving a group of visitors. The fifth picture in the book is of Bertha Hale White, director of the Amnesty Campaign in Washington at the time President Harding commuted Debs' prison sentence.

Here is the Table of Contents:

Eugene, a Poem by Edmund Vance Cook
Debs' Canton Speech
Debs' Address to the Jury
Debs' Statement to the Court
Debs on Trial, a Poem (Anonymous)
The Trial of Eugene V. Debs, by Max Eastman
The Socialist Party and Amnesty

This handsome book is worthy of your library. Its contents will keenly interest you and your friends, your children and your children's children. The unique and heroic figure of Comrade Debs shines with fadeless lustre against the dark background of the World War, the greatest crime in the history of mankind.

Socialist World To Discontinue Publication

With this issue *The Socialist World* will suspend publication, after having served the party membership for more than five years during the most trying period of the party's existence.

Action to suspend the paper was taken by the National Executive Committee in anticipation of the early publication of *The American Appeal*.

The new paper will take the place of *The Socialist World* as a party-owned publication, but will serve a much wider field than did the old monthly, which was read principally by party members.

The American Appeal will be published weekly beginning the first of next January with Eugene V. Debs as editor-in-chief. It will be primarily a propaganda organ of Socialism, militant and uncompromising, fighting the every-day battles of Labor and ever holding before the workers the ideal of Industrial Democracy as the goal of their struggles.

We urge every comrade who reads this notice to send in his or her subscription to the new paper

now, on the blank provided for that purpose elsewhere in this issue. We also urge them to keep in touch with the movement between now and the date of publication of the new paper by subscribing to any one of the Socialist publications now being printed in English, as follows:

The Milwaukee Leader (daily), 528 Chestnut St., Milwaukee, Wisc.

The New Leader, 7 E. 15th St., New York, N. Y.

The Labor World, 1212 Market St., San Francisco, Calif.

St. Louis Labor, 940 Chouteau Ave., St. Louis, Mo.

The Labor Advocate, 31 Reed St., Reading, Pa.

Miami Valley Socialist, 124 S. Jefferson St., Dayton, O.

The Chicago Socialist, 803 W. Madison St., Chicago, Ill.

The Citizen, 156 Barrett St., Schenectady, N. Y.

LET'S FIGHT BACK

Since the plutes suppressed the Socialist press during the war, the one-hundred percenters have been having their own way without much organized resistance. They've stolen public resources, promoted "open-shop" drives, jailed individual dissenters and smashed right and left at all progressive ideas.

But the days of the plutes are numbered. The workers are getting over their war hysteria. They have been fooled long enough and are now mustering their forces for a great offensive drive against the citadels of reaction.

On every side the demand arises for a powerful Socialist organ—a militant, fighting paper such as we have had in the past, with which to carry the fight into the enemies' camp.

And now that organ is forthcoming.

On January 1, 1926, *The American Appeal* will start its career—with Eugene V. Debs as editor-in-chief. Any one who knows Debs knows that the paper which he will edit will be uncompromisingly true to the cause of Labor.

This paper will be a hard-hitting, constructive organ owned and controlled by the Socialist party. It will be published weekly, contain articles by the best writers in the Socialist and Labor world, and cost only one dollar a year.

Debs wants 100,000 subscribers before the first issue is printed—a mighty army of keen, progressive men and women who are ready to FIGHT BACK and rout the enemies of the working class.

WILL YOU BE ONE OF THEM?

The attached subscription blank is for your convenience.

Fill it out and send it in—ENLIST!

Enlist in the army of progress that will back Debs and the party in the great fight for Truth and Justice—for Humanity!

(For convenience use this blank)

Eugene V. Debs, Editor,
The American Appeal,
2653 Washington Blvd.,
Chicago, Ill.

Please send me *The American Appeal* for.....

The International and Labor Congress of 1925

By George R. Kirkpatrick

Representatives of the national Socialist and labor organizations of the world will convene at Marseilles, France, August 22. This congress will be second to no other International Socialist Congress ever held by the representatives of the class-conscious labor movement of the world.

The world war was a first stage in the tragic and long-drawn-out drama of the collapse of capitalism. The clashing interests of competing national groups of capitalists led to the world war. These same competing groups, observing the revolutionary ferment working rapidly in the war for a world-wide social democratic upheaval, were glad to have the war stopped. These same competing groups of looters and profit-hunters fixed up a farce-peace, called the Treaty of Versailles. Charged with the insincerity of the ponderous and puffed-up diplomats representing these same competing looters, of course the treaty doesn't work. Hence these competing groups of looters are going their way in the world, marauders that they are—plunderers competing for the earth.

Spain has joined France for the more successful looting of North Africa, and this is illustrative of the dickering among diplomats representing the looters, now hungry for Mexico, hungry for China, hungry for Africa, hungry for oil lands in western Asia, hungry for excuse to attack Russia. All these competing capitalist countries are preparing for another war. These competing national groups of looters most certainly expect another war.

In such a situation the representatives of the Socialists of the world will meet in conference in August. It is to be hoped that the score of problems coming before the Congress will be considered in the light of what happened in the world war, which demonstrated that our propaganda against war had been hopelessly inadequate. Most Socialists revealed a great psychological law which results in the fact that, in most cases, those who have become Socialists have previously—already, in their early and very impressive youth—been carefully molded into nationalists; and in a crisis, due to no reprehensible moral obliquity whatever of theirs, they react first and decisively to the earlier nationalist teaching of their childhood;—then blindly fall in line, blindly murder, blindly pray and blindly die. The most ardent devotees of the peaceful Christ react in the same way when the cannon roar, the preachers shout to God for help, and the sodden capitalist press screams, "Patriotism!"

Overshadowing all else in the agenda of the

coming Congress will be—or should be—the subject of war and militarism. The Socialist and Labor Congress should go the limit in arranging for the completest possible systematic and persistent propaganda against war and militarism. The recent world war was the climax of the ages—as a curse upon the working class. The impending war will be still more disastrous for the workers. This should, indeed, be the all-engrossing subject before the Congress. No matter whether the pretended cause of the coming war be "the perilous situation" in China, in Mexico, in Africa, in Russia or elsewhere: *What shall the proletariat of the human race do in case of war?—war in which the workers lose all, gain nothing and make themselves utterly ridiculous*—that, precisely that, is the question of this hour.

This Congress, with infinite care, should prepare a leaflet for international use against war and militarism—a short address so clear, so direct and so persuasive as to appeal to every decent person on earth; it should be such a ringing, stinging, rousing message as to bite into the consciousness of the proletariat of the whole world; a message so vital and vitalizing as to become a classic in the labor literature of the world, an immortal message for the slumberous multitude to be presently clutching one another's throats in blind and baseless hatred. The Congress need not be suavely and soothingly polite. This message should sting its way into the mind of hundreds of millions of workers, rather than syntactically and rhetorically please a few thousand academic people. This message should run around the world, a flaming banner of warning and appeal to the serfs, the farmers and the wage-slaves of all nations: *"Workers of all the world!—in case of war, first and instantly conscript your masters! Seize them! enlist them—and force them to the firing line where hell reigns, where conflicting prayers for victory are bitterly ironic echoes of the conflicting economic interests of competing national groups of the capitalist class of the world!"* Force the diplomats and dollar-marked masters to the front where the nations' choicest youths blindly lust for blood, human kindness dies and God Almighty becomes a crowned and belted goose-stepping colonel.

The American delegates to the Congress are Congressman Victor L. Berger, Morris Hiliquit, George E. Roewer, Jr., Judge Jacob Pankin, Abraham Cohan, Thomas Duncan and Algernon Lee. The American delegates to the Woman's International Conference, Mrs. Meta Berger, Mrs. Vera Hillquit and Miss Ellen Persons.

OFFICIAL BUSINESS

April 6, 1925

To the National Executive Committee.
Dear Comrades:

I submit for vote of your committee
National Executive Committee Motion
No. 16

By Hillquit.

"That the National Executive Committee meet in New York City Tuesday, April 28th."

Ballot enclosed. Vote closes April 13th.

Fraternally submitted,

Bertha Hale White

Executive Secretary.

Voting Yes: Berger, Collins, Debs, Harkins, Hillquit, Maurer, Roewer, Sharts. (8)

Carried unanimously.

Comrade Collins, in voting for meeting, explained that he probably would not attend, first, because it is difficult for him to leave for a meeting held the middle of the week, and second, in consideration of the expense to the National Office. He does not believe it will require a full attendance of the committee in order to prepare plans for promoting the national weekly and for the regional conventions. Unless it appears necessary for every member to be present, Comrade Collins will not attend.

I have requested Comrade Gerber to make proper arrangements for the meeting, and it will be held, presumably, at the local headquarters, 7 East 15th St. Should different arrangements be made, you will be notified.

May 14, 1925

To the National Executive Committee.
Dear Comrades:

To date, I have had no nominations for the position of organizing director from members of the Committee with the exception of that submitted herewith as a motion from Comrade Debs, who has been working at headquarters the past two days. Comrade Debs has discussed our program in its many phases, conferring with local members as well as Comrades Wilson, Kirkpatrick and myself. For your information I will say that Comrade Debs urged that this work be turned over to Comrade Kirkpatrick immediately following the National Convention in February, but at that time I did not think our resources warranted the appointment of anyone for this special position. In view of what he considers the urgency of the situation, he now submits the following:

Naitonal Executive Committee Motion
No. 17

By Debs

"That Comrade George R. Kirkpatrick be appointed Organizing Director and placed in charge of the field work in time to start the District Organization plan at the Cleveland Convention."

COMMENT

"In planning the program for the Regional Conventions it has become apparent that the work of directing the organization campaign should be under way before the first of the conventions is held. In order that the plans of your committee should be forcefully inaugurated, the Organizing Director should

be appointed in time to attend the Cleveland convention on the 30th. There is little time to lose and I take this opportunity to submit George R. Kirkpatrick as my nomination for the position of Director and my reasons for desiring this selection.

"The urgency of immediate action must be my apology for the motion herewith made and the informal manner in which it is submitted. The importance of having the right comrade for the post of Organizing Director cannot be overestimated. A variety of qualifications, the fruit of a long period of practical experience, is essential at this supremely important juncture. There is no time for extended argument in favor of Comrade Kirkpatrick, nor is it necessary as he is well known by every party member and his years of service in the movement is an open book. I am convinced beyond doubt that he is the man to place at the helm in launching the campaign for the reorganization of the Socialist Party. There is not an hour to lose. Prompt action is urgently required to assure the success of our initial convention and demonstration at Cleveland upon which all the rest so largely depends. Everything is shaping for a tremendous party building campaign. Let us clinch it by choosing the right man to co-ordinate, direct and inspire its manifold activities."

COMMENT BY NATIONAL SECRETARY

"So far, the only suggestions we have had for the position are:

Warren Edward Fitzgerald and Alfred Baker Lewis have submitted the names of John Burke and J. Mahlon Barnes. Comrade Fitzgerald suggests Alfred Baker Lewis. Comrade Snow recommends Comrade Kirkpatrick, and James L. Smiley, State Secretary of Maryland, nominates James H. Maurer.

For District Organizers Comrade Harkins has been requested by Maryland and has been recommended for such appointment by other correspondents. Also Darlington Hoopes, Emil Herman, Lena Morrow Lewis."

Realizing that there is not sufficient time for a regular call for nominations and election, if the Organizing Director is to be in charge at Cleveland, at Comrade Kirkpatrick's request we are extending the time of the voting period to ten days in order to give each member of your committee an opportunity to submit additional names. If such are received they will be sent by wire at once.

Vote closes May 24. Voting card enclosed.

Fraternally submitted,
Bertha Hale White
Executive Secretary.

May 15, 1925

To the National Executive Committee.
Dear Comrades:

Herewith submitted is a communication from William H. Henry and Murray E. King re the Minneapolis situation. Comrade Henry began his work in Minneapolis on the 13th.

Comrade Debs was here when this

joint communication reached us and he thoroughly agrees that a Socialist conference should be substituted for the convention.

In order that the matter may be formally decided, the following is submitted:

Naitonal Executive Committee Motion
No. 18

(Executive Question)

"Shall the recommendation that a Socialist conference be substituted for the mass convention at Minneapolis on June 20th be approved?"

Fraternally submitted,

Bertha Hale White

Executive Secretary.

Voting Yes: Collins, Debs, Harkins, Hillquit, Maurer, Roewer, Sharts. (7)

Not Heard From: Berger (1)
Motion carried.

May 20, 1925.

To the National Executive Committee.
Dear Comrades:

Comrade Abraham Cahan will be in Europe at the time the International Congress is held, and some of our comrades desire his appointment as an International delegate and have so written the National Office.

I am submitting the following for formal action:

National Executive Committee Motion
No. 19

(Executive Question)

"Shall credentials be issued to Comrade Cahan as a delegate from the Socialist Party of the United States to the International Congress?"

Vote closes May 27. Ballot enclosed.

Fraternally submitted,

Bertha Hale White

Executive Secretary.

Voting Yes: Berger, Collins, Debs, Harkins, Hillquit, Roewer, Sharts. (7)

Not Heard From: Maurer. (1)
Motion Carried.

Credentials have been sent to Comrade Cahan and to all other International delegates elected.

May 21, 1925.

To the National Executive Committee.
Dear Comrades:

It is very important that a District Organizer be selected for Ohio and Michigan immediately so he can begin work following the Cleveland convention May 30-31. He should, by all means, attend the convention and take part in it. Of those who are available for this work my own preference is Joseph F. Viola, who has resigned as Executive Secretary of Kings County, New York, and will be ready to begin work under the district plan the first of June, should his appointment be approved by your committee.

Comrade Viola is a young man, unmarried, with a very pleasing personality, enthusiastic for the work and believes in the value of such work. He also has an automobile which he will use. He has had considerable experience but not in the field. However, there are very few, if any, we can get who have had such experience, and it is therefore necessary

to make all engagements with organizers more or less tentative and tenure of office to be determined by results as revealed by daily reports to this office, which is one of the things required of them all.

In order that there may be no delay in beginning the work in the Fourth District (Ohio and Michigan), I submit the following:

National Executive Committee Motion
No. 20

(Executive Question)

"Shall the National Office be authorized to engage Comrade Viola as District Organizer, work to begin at Cleveland on May 30.31?"

Please vote by wire. Vote closes May 24th.

Fraternally submitted,
Bertha Hale White
Executive Secretary.

Voting Yes: Berger, Collins, Debs,
Harkins, Hillquit, Roewer,
Sharts. (7)

Not Heard From: Maurer. (1)
Motion carried.

May 22, 1925

To the National Executive Committee.
Dear Comrades:

All votes of the committee, with the exception of Comrade Berger, on Motion No. 17 are in. All are affirmative on Comrade Kirkpatrick's appointment as Organizing Director. Comrade Berger nominated J. Mahlon Barnes, who declined to consider the appointment. Comrade Hillquit sends the following comment:

"On Motion No. 17 I vote in favor of the appointment of George R. Kirkpatrick as Organizing Director with the understanding that the appointment will not be considered permanent at this time.

"The office of Organizing Director is the crucial point around which our whole elaborate organization plan revolves. The success or the failure of the plan will largely depend on the ability of the man in the National Office to direct the work of the District Organizers. I am second to none in appreciating the sterling qualities of Comrade Kirkpatrick, but, as far as I know, he has had no practical experience in organization work on a large scale. I sincerely hope he will make good in this new and untried field of activities, but I know that he will not want to retain the office for a moment if it should prove that he could not do full justice to it, and, I believe, the National Executive Committee should be at liberty to consider the situation at its next meeting fully and freely and without the feeling that the important matter has been definitely disposed of."

Kindly note the enclosed list of comrades who would like to be considered or have been suggested as candidates for appointment as District Organizers which Comrade Kirkpatrick has prepared for your consideration. The list is not submitted for a vote at this time. It is not understood that this office necessarily recommends all whose names are on the list. We need your comment and any data you may have relating to any of these comrades to the end that the list may be revised before your official endorsement is requested. Experience makes us know that any such list will not be unanimously approved, but in all probability a majority of votes WILL approve simply because the members of the committee are without sufficient information upon the candidates.

There is an element of risk in some cases, no doubt, even with respect to most excellent comrades who have done high-grade work as organizers along the old lines which included little or no intensive stick-to-it personal canvassing. The range of choice is far narrower than before the World War.

Many of these comrades are well known to all of your Committee. A few lines of data are added in some cases, possibly helpful to you.

It would be well if, when an assignment is to be made, this office had as many as possible already approved by your Committee so that, having eight or ten instead of fewer, it might be easier to make mutually agreeable working agreements with State Secretaries respecting selections for a given District.

Kindly add, with data and comment, any names desirable not on the list, if such occur to you. The usual voting period of a week will be allowed for informal comment, after which the list, revised perhaps, will be submitted for endorsement.

Note also the enclosure intended to indicate to the prospective District Organizer pretty clearly what his duties will be, what will be required in the way of co-operation,—intended also to make it perfectly clear that appointments, when made, are conditional—that the term of service will, in a sense, be determined by the District Organizer himself, determined by the amount and quality of his work, by results. He will clearly understand that the limitations upon our funds and the obligation of loyalty from the National Office to the general movement make it imperative that results must be the test of qualifications justifying a continuation of his employment after a fair trial.

Fraternally submitted,
Bertha Hale White
Executive Secretary.

May 25, 1925.

Vote on National Executive Committee
Motion No. 17

By Debs.

Voting Yes: Collins, Debs, Harkins,
Hillquit, Maurer, Roewer,
Sharts. (7)

Not Heard From: Berger.
Motion Carried.

May 25, 1925.

To the National Executive Committee.
Dear Comrades:

Comrade Kirkpatrick has assumed his office as Organizing Director. The question of his salary is now before your committee and the motion is herewith submitted:

National Executive Committee
Motion No. 21

By Hillquit.

"That Comrade Kirkpatrick's salary as Organizing Director be fixed at \$60.00 per week."

Ballot enclosed. Vote closes June 1st.

Fraternally submitted,
Bertha Hale White
Executive Secretary.

Voting Yes: Berger, Debs, Harkins,
Hillquit, Maurer, Roewer,
Sharts. (7)

Voting No: Collins. (1)

Motion carried.

Comment by Collins:

I vote 'no', not because I believe Comrade Kirkpatrick is not worth \$60.00 per week, but because I know the hard struggle the National Office has had to keep its head above water for several years; second, because I think we ought to wait until we see whether this new adventure will have the results that we all hope for; third, I know Comrade Kirkpatrick will do the very best he can for what he is getting now for the cause of Socialism."

May 27, 1925.

To the National Executive Committee.
Dear Comrades:

I submit for vote of your committee the following:

National Executive Committee
Motion No. 22

By Roewer.

"I beg to nominate Alfred Baker Lewis, of Boston, as District Organizer for the New England District under the new plan."

Ballot enclosed. Vote closes June 23rd.

Fraternally submitted,
Bertha Hale White
Executive Secretary.

Voting Yes: Berger, Collins, Debs,
Harkins, Hillquit, Maurer,
Roewer, Sharts. (8)

Carried unanimously.

THE SOCIALIST PARTY

EUGENE V. DEBS, National Chairman,
Terre Haute, Ind.

BERTHA HALE WHITE, Executive Secretary,

Joseph W. Sharts, 805 Commercial Bldg., Dayton, Ohio.

Official Business

* To the National Executive Committee
Dear Comrades:

I submit for vote of your committee,
the following
National Executive Committee Motion
No. 28

Proposed by Debs, Maurer and Sharts.

That in anticipation of and preparation
for The American Appeal soon to
appear further publication of The Social-
ist World be suspended.

Vote closes July 9th.

National Executive Committee Motion
No. 29

Proposed by Debs and Sharts.

That in view of the depleted condition
of the treasury of the National Office
there be no further rebate for the present
in the dues of the language federations.

Comment by Sharts

"As I understand from the National
Constitution, Art. X, Sec. 4, the Lan-
guage Federations are required to pay
to the National Office the same sum
monthly per capita as paid by the state
organizations. The present rebate was
voted by the National Executive
Committee three years ago, I am in-
formed, as a temporary aid to the
federations. Comrade Reivo of the
Finnish Federation even suggested the
need of revision so the National Office
may be relieved. With the financial sit-
uation made clear to them I believe the
comrades of the Language Federations
will heartily concur in this effort to
help meet the debts of the Party."

Vote closes July 9th.

National Executive Committee Motion
No. 30

By Debs.

That on account of the depleted con-

dition of the treasury of the National
Party and the lack of funds even to meet
current expenses, our delegates to the
International Congress this year be
limited to those who can defray their
own expenses.

Vote closes July 9th.
Ballots enclosed.

Fraternally submitted,

Bertha Hale White
Executive Secretary

The vote on above motions closed
July 9th with the following result:

Motion No. 28

Voting Yes: Berger, Debs, Hillquit,
Maurer, Roewer, Sharts (6)
Not heard from: Collins, Harkins (2)
Motion carried, and the Socialist World
will discontinue with the July issue.

Motion No. 29

Voting Yes: Berger, Debs, Hillquit,
Maurer, Roewer, Sharts (6)
Not heard from: Collins, Harkins (2)
Motion carried.

Motion No. 30

Voting Yes: Berger, Debs, Roewer,
Sharts (4)
Voting No: Hillquit (1)
Not heard from: Collins, Harkins (2)
Not voting: Maurer (1)
No action.

Comment by Hillquit

"I vote 'No' on the motion that our
delegates to the International Congress
be limited to such as can pay their own
expenses because I believe that our par-
ticipation in the practical work of the
International Socialist Movement is im-
portant and that it would be poor policy
to leave our representation in the Inter-
national Congress to only such comrades
as happen to be in the fortunate position
of being able to pay their own expenses.
I understand furthermore, that Comrade
Maurer has definitely decided not to go

so that the Party will be called upon to
pay the partial expense of only one
delegate. In view of the fact that the
delegate in question has been definitely
elected by the N. E. C. upon the under-
standing that part of his expenses would
be paid and has presumably made pre-
paration for the trip I would consider it
poor practice to reconsider the action at
this time."

Comment by Secretary

I received a letter from Comrade
Maurer, under date of July 2nd, in
which he announced his decision not to
attend the International Congress, but
the ballots for Motion 30 had been
mailed and it was too late to give your
committee this information in sub-
mitting the motion.

Reference Motion No. 29, I am com-
municating with the federations giving
them a full explanation of the reasons
for this action. I had a personal inter-
view with Comrade Pogorelec, Trans-
lator Secretary of the Jugo-Slav Fed-
eration and we discussed the matter very
thoroughly. Comrade Pogorelec under-
stands that the constitution does not
provide such rebates, or, in fact, any
financial assistance for federations with
less than one thousand members. While
very naturally, and properly, setting
forth the need for such help from the
national treasury, and the struggle of the
Federation to finance its work, he ac-
cepted your action as correct under the
circumstances and asked me to inform
your committee that the Jugo-Slav Fed-
eration was going out for that thousand
members, after which he would submit
a request for the re-insistence of the
dues rebate. You will, I am sure, gladly
receive his request under those con-
ditions.

Fraternally submitted,

Bertha Hale White
Executive Secretary.

One Thousand New Fighting Units

No doubt of it — many thousands of unor-
ganized Socialists are eager that there shall be right
soon a general awakening of the Socialist move-
ment in this country. Get that in mind, first of
all. Many of them we do not hear from. But
when they are approached and the matter of the
revival of the movement is suggested to them they
invariably express a desire that the good old days
and the lively fight should return. They unmis-
takably wish for the revival and progress of the
party.

However, such a comrade not uncommonly
makes a remark that amounts to an excuse for
inactivity, running like this: "Well, yes, I am in-
terested. 'Once a Socialist always a Socialist', you
know. I loved the movement. And I love it yet.
I should be happy indeed to see 'things doing' in the
way of political and economic education of the
working class and the public generally.... It was a
great joy I used to have in actually taking part in
a specific work in the process of human progress.

Life was more interesting in those days. It surely
was.... Yes, I should be willing to pitch in and help
again — with all my heart — if I felt sure that at
least ten or twenty of my old friends would be glad
to join a real 'fighting unit' for the distribution of
literature and doing the work that **MUST BE
DONE** to get the light to a greater and greater
number of my fellow-workers. Sure! I'd be happy
in that. I have tasted the joy of making my neigh-
bors think, the joy of seeing them awaken to the
meaning of the capitalist system, the fact of the
class struggle, the profound significance of the
economic phase of life in human progress. I'd love
to do it all over again.... Tell you what I'll do: If
you will get nine others to sign up for member-
ship and seriously agree to do something, and do
it regularly, and do it with a right good will, I'll
stand up too and thus be a member of a new group,
a fighting unit, to push along the greatest move-
ment that ever engaged the mind of the worker.
Yes, I'll also help you find some of the other nine
to make up this **NEW GROUP OF FIGHTERS**.
Come on."

Find nine others — **AND STAND TOGETHER**.
Let the National Office help you; get together.
