Correspondence of the National Executive Committee During October

National Headquarters, Socialist Party. Chicago, Ill., Oct 5, 1906. To the National Executive Committee:

To the National Executive Committee:

Dear Comrades—Reporting upon the action of your committee regarding my letter of Sept. 24th, raising the question upon carrying out the letter of National Committee Motion No. 9, which provides for a special semi-monthly edition of the official bulletin, I would say, while recognising that the motion is no longer the property of the mover, Comrade John A. C. Menton, National Committee member of Michigan, it having been acted upon by the National Committee, yet I submit his view of the proposition.

LETTER-OF COMRADE MENTON, October 3, 1906.

October 3, 1906.

"I am fully in accord with your letter to the National Executive Committee. The intent of Motion No. 9 was, as you say, 'Lest we forget,' but such an awakening of the working class, by the labor press of the country in behalf of Comrades Moyer, Haywood and Pettibone is away beyond my expectations, this capitalistic conspiracy being so bold and defiant of all law and constitutional rights, and the publicity given of the same by the Socialist Press, and the Labor Press has forced many of the capitalist periodicals to denounce this damnable outrage, and, with the weekly press bulletin being furnished to 129 publications, I believe the field well covered and a semi-monthly Bulletin an unnecessary expense. Lest we forget' was the intent of the motion. Instead of forgetting, it was the greatest awakening of the working class: so the intent of the motion has out-lived its purpose."

On the communication no expression was

its purpose."

On the communication no expression was received from Comrades Floaten, Mally and Towner. The letters of the other members are herewith transmitted:

LETTER OF COMRADE BANDLOW,

September 30.

"I approve of the plan not to issue a special semi-monthly Bulletin, believing that the Weekly Bulletin and the publicity through the Socialist and friendly press fity answers the object sought.

"I realize that a husbanding of our funds is warranted, that we may meet our obligations to the speakers and organizers now in the field and hope that contributions may come in more freely to enable the National Office to continue the propaganda now in hand."

LETTER OF COMRADE KERR.

"I think that in keeping the Moyer- Haywood case prominent in your weekly Bulletins to the press you are carrying out the intention of the National Committee motion. It seems to me that your course ought to be satisfactory to all whe voted for it, and I hardly think that any formal action by the National Executive Committee is required. Besides, if any one were to raise the technical point, we must all admit that the N. E. C. has no power to reverse any action of the N. C. As a matter of practical work, there are frequent occasions when new developments make it impossible to follow instructions to the letter, and in such cases I think you will be sustained by common consent in acting according to your own judgment."

LETTER OF COMRADE SIMONS. September 25.

LETTER OF COMRADE SIMONS.

"I certainly think that your recommendation in regard to motion No. 9 is proper."

LETTER OF COMRADE WORK,

"In reply to communication of the 24th, it is evident that the special bulletins would be a superfluous expense. I suggest that you write the mover and ask him if he is estimated that the mover and ask him if he is

you wrife the mover and ask him if he is satisfied that the spirit of the motion is being properly lived up to."

In this matter I shall therefore be governed by the opinions of the majority members of the Committee as expressed above.

P. S.—Comrade Floaten's letter, dated Denver, Oct. 3, just to hand and too late to be noted, concurs in the prevailing opinion.

Chicago, Ill., Oct. 16, 1906.

To the National Executive Committee:
Dear Comrades—I herewith submit correspondence between the Colorado State Committee and the National Office relating to the donation of \$500 by the Convention of the United Brewery Workers, reported in the Weekly Bulletin of Sept. 29th.

EXTRACT OF LETTER OF STATE SEC-RETARY BUIE, Dated Oct. 6, 1906. "In regard to finances, I will say that I was notified by the delegate who represented this state at the International Brewers' Union, that they had donated \$500 to the Colorado Campaign, but I have not yet received the money. This, when received, will enable us to make quite a campaign contrasted with former Socialist campaigns in this state."

EXTRACT OF LETTER OF NATIONAL SECRETARY, Dated Oct. 6, 1906.

SECRETARY, Dated Oct. 6, 1906.

"Reference the \$500, donated by the Brewery Workers. It was received here, and I enclose copy of the letter which accompanied the check. Since the receipt of this amount, and since I wrote you on bearing one-half of the German organizer's expenses. I would state that the National Office will bear his entire expenses.

"I am also sending, prepaid, 1,000 copies of the pamphlet. 'Who Is Gulity?' to 53 addresses in Colorado, as noted on separate list enclosed. I am also sending you, prepaid, 35,000 of the same, so that you may distrubute them at points not already supplied by me."

BREWERY WORKERS' LETTER CON-

Toronto, Ont., Sept. 20, '06. Mr. Mahlon J. Barnes, Sec. of Socialist Party, Chicago, Ill.

Dear Comrade—The delegates of our International Union, in convention assembled, send greetings. During yesterday's session, the matter pertaining to the arrest and imprisonment of Comrades Moyer, Haywood and Pettibone were discussed and a motion made and carried to donate the sum of \$500 to the campaign fund of the Socialist Party, to be used in efforts to elect Brother Haywood Governor.

Hoping that success will attend your efforts, I am,

Fraternally yours,
(Signed) LOUIS KEMPER,
International Secretary.
P. S.—Please return receipt to Adam
Huebner, our International Sec.-Treas.

P. S.—Please return receipt to Adam Huebner, our International Sec. Treas.

EXTRACT OF LETTER OF STATE SEC. RETARY BUIE—Dated Oct. 11, 1996.

"Yours of the 5th received. I note what you say regarding the German speaker, and have received all the supplies O. K.

"Regarding the \$500.00 from the Brewery Workers, I wish to say I saw Comrade Frank Koralek yesterday, who was more instrumental than any one else in getting this donation. He instructed me to write you that the \$500.00 was intended for the Colorado Campaign Fund, and also gave me copy of resolution No. 35, to be forwarded to you. He will also write the International Secretary at Cincinnati regarding the matter. Both the resolution and the copy of letter which you forwarded, indicated very pizinly that the money was intended for the Colorado Campaign Committee.

"On the strength of what Comrade Koralek told me, immediately upon his arrival in Denver, from the convention, we have made arrangements for two very expensive meetings in Denver, besides we have employed Comrade Frank P. O'Hare and an Italian speaker for the entire month of October. When asked why the money was forwarded you, Koralek said that it was the custom in their union to forward money donated by their International Organization, to the National Secretary, of whatever organization this money' was donated to, and they, of course, were expected to forward same to the proper parties.

"I hope you will satisfy yourself that this is correct, and forward the amount as soon as possible.

"I' am enclosing a clipping from the Rocky Mountain News of this morning, which will show you what a desperate fight we are up against here, and how badiy we are in need of funds. We have the Democrats scared badly, as you will plainly see, and with the aid of this money, I think we will put them to the bad."

BREWERY WORKERS' RESOLUTION NO. 35,

BREWERY WORKERS' RESOLUTION NO. 35.

"Whereas, the Mine Owners' Association of Colorado and Idaho in conjunction with the men having the political power in these states have, against all rights and law, imprisoned three officers and leaders of organized labor, Moyer, Haywood and Pettibone, and still hold these men for trial under charge of murder,

Whereas, the capitalistic class committed, through this procedure the greatest crime of all times against organized labor of the United States, only for the purpose to hinder the organized workingmen of all countries in their evolution for scores of years,

Whereas the Scalellation and the second states are second to the second second the second secon

Whereas, the Socialistic party, the party of the American workingmen, had sominated W. D. Haywood as candidate for Governor of the State of Colorado; be it

Resolved, That we, the United Brewery Workers of America, assembled in convention, donate the sum of \$500,000 to the campaign fund for the election of Haywood; and be it further

Resolved, To forward this amount to Barnes, Secretary of the Socialist party immediately.

(Signed) Jac. Huber, Local Union No. 1; Frank Koralek, Local Union No. 27, 228, 346; Ernest Klose, Local Union No. 26; A. J. Kugler, Local Union No. 2."

EXTRACT OF LETTER OF NATIONAL SECRETARY—Dated Oct. 13, 1906.

SECRETARY—Dated Oct. 13, 1906.

"I note you make claim for the donation of the United Brewry Workers. Technically, this claim may be justified, but you should note that additional expenses were assumed, by reason of the receipt of the same, namely, literature shipped, assuming the entire expense of the German Organizer, and taking on Comrade Floaten at the same terms as applied to Comrades Berlyn and Work.

"Due to your claim, the terms for Comrades Floaten and Sturm (German Organizer) are cancelled. The subject will be submitted to the National Executive Committee.

"I note the clipping from the Rocky Mountain News, in which the charge is made that the Republicans are financing the Socialist Campaign in Colorado. This deserves a reply, and at once. I suggest the printing of a detailed report of all receipts and expenses; the same would make a good campaign leafiet. Point out the fact that the Socialist party is the only party which renders such itemized reports to its members and the public."

"Our \$500.00 donation is intended for Haywood Campaign Fund. Not for General Fund. Correct mistake.

"(Signed) JOSEPH PROEBSTLE."

There is no question raised of the donation being used for any purpose other than that intended. The facts are that the State and National Offices, each lacking information in the possession of the other, arranged for its expenditures in the Colorado campaign.

The National Office arrangements were about \$100.00 worth of literature (has been sent) paying the deficit of Comrade Sturm of Chicago, German Organizer, (\$60.00 has been advanced), working under the direction of the State Committee, involving an estimated expense of \$120.00 and \$200.00 respectively—a total with the literature of \$420.00.

In any event, the State Committee ex-pends the money, routing the speakers, the National Organization simply pays the bills.

National Organization simply pays the bills.

It is not a question, in any sense, of granting additional aid to the Colorado Committee. As befits the situation which arose with the nomination of Comrade Haywood, they have been generously dealt with by the National Organization.

I view it only as a question of fact to be determined by an interpretation of the documents here submitted, and it is referred to you for decision. If decided favorable to the State Committee, unless otherwise di-

NATIONAL NOTES.

Charters have been granted to Local Wonder, Nevada—8 members; and Local Fairview, Nevada—11 members.

The "Kiowa Breeze," published at Kiowa, Ind. Terr., has announced its support of the Socialist party. The socialists of Oklahoma have already nom inated delegates to the constitutional convention in 40 districts out of the total of 111, with a number of districts yet to be heard from.

"Local Pacific, County, S. P., reports that they have expelled the following members: G. L. Evans, Algin Mc-Bride and T. A. Satterthwaite.

The charge against these former members was "party treason," and was based upon the following facts: G. L. Evans advocated within and without the local meetings the nomination of a republican for the office of state senator, urged in open meeting of the local the support of this republican, and finally, on September 5, 1906, voted for him, even after being challenged at the republican primaries.

T. A. Satterthwaite and Algin Mc-Bride offered to vote at the same election, were challenged but did not vote. (Reported by Washington State Committee.)

Report from the New York State Committee:

ommittee:
"This is to inform you that J. B.
member of Local Eagen, formerly a member of Local Port Jervis, N. Y., was expelled from the party for participating in the convention of the Independence League."

By a recent referendum in California, H. C. Tuck, 528 Telegraph Ave., was re-elected state secretary.

To the National Committee:
Comrades—Herewith is submitted National Committee referendum No. 11, motion No. 15:

BY JOHN A. C. MENTON, NATIONAL COMMITTEE MEMBER OF MICH-IGAN. MOTION NO. 15.

"I move that correspondence received by the National Office in the way of a motion or comment, that refers to the merit or demerit of the American Federation or the I. W. W., be declared out of order."

COMMENT.

COMMENT.

"The Socialist Party is the political expression of the working class, for the overthrow of the capitalist system, while the A. F. of L. and the I. W. W. are organized to wrest as much as they can from the capitalist system in behalf of their members. There is a difference on the part of these organizations, which has the best mode of doing this, while the Socialist Party contains members from both, and to allow any motion or comment of the merit or demerit of these organizations, will bring a feeling of bitterness with our organization, which would do much injury to the Socialist Party. Let the members in these organizations fight it out, and not let us get emisrolled, which is the best way to wrest more from capitalism, but to strain every effort to overthrow capitalism."

COMMENT BY COMRADE HOLMAN, NA-

strain every effort to overthrow capitalism."

COMMENT BY COMRADE HOLMAN, NATIONAL COMMITTEE MEMBER OF MINNESOTA.

"The motion, while well intended, savors too much of gag-law. Our party in convention has declared for neutrality in all disputes between rival labor unions, which ought to be sufficient to make the attitude of our party clear on that point, but it would be too narrow to prevent the members of the National Committee from expressing their views on the matter when occasion requires.

*Under this rule a motion could be made that would necessitate some discussion of the merits or demerits of the two organizations in order to show the intent of such motion, and we certainly ought to be free to do so.

"If National Committeeman Smith. of

motion, and we certainly ought to be free to do so.

"If National Committeeman Smith, of Louisiana, is a fair representative of the union to which he belongs, and if we have many such in our party, we will soon have an issue that cannot be solved by ignoring it. We should do everything we can to avoid trouble, but we ought not to have our hands tied when trouble comes."

Vote will close October 23, and votes received after that date will not be counted.

(ALABAMA) LARUE:—"While I heartily commend the spirit that prompted this motion and greatly deplore the extravagant utterances which occasionally appear in the national builetins. But a gag rule, such as the passage of his motion would put in effect, is not a safe measure to put in operation. If comrades who indulge in this harsh criticism would come out of their shells and investigate the question without bias they would quickly reach the conclusion that the rest of us have, that the rank and file of both wings of the great industrial army are houest. From these

COMMENT.

two and from the fast growing Farmers' Union must come the bone and sinew of our movement. Let us not, therefore, fall into the error of intolerance which we so greatly decry in others."

(ILLINOIS) BERLYN:—"At first I intended to vote YES, but thinking the matter over I vote NO. I believe the time will come that every member of the National Committee will have to define his position. In the meantime the National Committeemen of Texas and Louisiana ought not be restrained from amusing the rest of the committee. The highly developed industries in those states with its proletariat are no doubt reflected in their utterances."

(IDAHO) RIGG:—"Some questions cannot be answered satisfactorily by simply yes or no. Motion No. 15 seems to be one of them. In voting No I do not wish to take sides with the I. W. W. and against the A. F. L., or any other labor organization.

of them. In voting No I do not wish to take sides with the I. W. W. and against the A. F. L., or any other labor organization.

"I believe that it would be much better for unionism if all workers could be united in one organization. I believe the I. W. W. came into existence for that special purpose and that, if it can use the Socialist Party as a cat's paw to accomplish its purpose, even though it does disrupt our party, it has a perfect right to do so. It is our particular business, however, to see that it does nothing of the kind.

"The I W. W. should go to other workers and reason with them and persuade them to join the I. W. W. and not ask the Socialist Party to drive its members, against their will, into the I. W. W. Such members would do the I. W. W. but little good even if such a thing were possible. If the I. W. W. have socialism really at heart they will do their own proselyting and not ask our political organization to go down in attempting to do something that they themselves seem unable to accomplish."

(INDIANA) HART:—"The intent of the motion is undoubtedly good, but I shall have to grote NO, because I believe were the motion to prevail it might prove to be a two-edged sword.

"While it would stop such wild rantings as are indulged in by Comrade Smith, of Louisiana, it would also prevent others from making any reference relative to the merit or demerit of one or both of the organizations mentioned when, in their opinion, such reference may be necessary to support or attack a motion that may be up for action."

(INDIANA) O'NEAL:—"I suspect that Comrade Menton's motion was aimed at

up for action."

(INDIANA) O'NEAL:—"I suspect that Comrade Menton's motion was aimed at the recent utterances of Comrade Smith, of Louisiana, who gave us the interesting information that Comrades Hanford, Hayes and others are 'freaks or foois.' Instead of the motion affecting such distribes, it strikes down all discussion of economic organizations and their problems. I favor and welcome intelligent discussion of these problems, and hence vote against the motion.

problems, and hence vote against the motion.

That Smith and others should abuse the privilege of civilized discussion may be expected, but it should be no reason for Socialists depriving themselves of the value of rational discussion. The records of Comrades Hanford, Hayes and others of their kind, covering years of struggle with their fellows against the oppressor, is sufficient answer to the 'take and hold' revolutionlists (?) who never discovered the function (!) of the economic organization till a New York 'professor' condescended to tell them in his Minneapolis speech. Since then there has been a number in the party who never distinguished themselves in the economic struggles of the working class, but who denounce those who have, as 'freaks and fools.' Let our friend Smith have his say. His type of 'argument' can hurt no

who denounce those who have, as 'freaks and fools.' Let our friend Smith have his say. His type of 'argument' can hurt no one—least of all the comrades he attacks. Neither can it impress others with the sincerity or correctness of his own views, for personal attack is the last ditch of the man without au argument."

(KANSAS (BREWER):—"I consider the merits of industrial and craft unionism of much importance to Socialists, and while I believe that committeemen should be tolerant with comrades who may honestly differ with their opinions, I am constrained to vote against a motion that will bind us to silence in the party bulletin on any pertinent question, whether it be I. W. W. and A. F. of L. or any other question."

(LOUISIANA) SMITH:—"On motion 15.

W. W. and A. F. of L. or any other question."

(LOUISIANA) SMITH:—"On motion 15, I vote No. First, because it is undemocratic. So undemocratic and so contrary to the principles of Socialism it is that, in my opinion, it was out of order and should have been so ruled by the secretary.

"The generous and able defender of the working class, who made this remarkable motion, when viewed in the light thereof, resembles much the color of Siberian tyrrany. He brings back to our minds the remarkable character of Sherman Bell.

thereof, resembles much the color of Siberlan tyrrany. He brings back to our minds the remarkable character of Sherman Bell.

"I vote No against this motion, because in substance (and I will venture in spirit) it keenly and brilliantly reflects the narrow, sordid tactics of capitalism.

"Again, I vote No because in reality the motion is directed at the most important issue that has ever been before the party and the working class. The solidarity of the proletarian upon the industrial field must of necessity precede proletarian emancipation—in fact, to conceive the liberation and advancement of the working class without or apart from a class conscious industrial organization requires a form of mental gymnastics peculiar to the mover of the motion and some of the other National Committeemen.

"The Socialist Party should be a mission to teach the W. C. its material interests; in order to do that, it sometimes is in order to teach that certain things are not to our class interests. Socialists (so called) agree pretty well that capitalism is the enemy of freedom, progress, etc.—that the capitalist class is the enemy of the working class (however. I know quite a few party members who deny that) and I maintain that it is quite right and proper that we endeavor to point out to the W. C. every detail that is conducive to its interest. Also, that it is not only our right, but our interest is fraught. I have met very few men who would not admit, when driven into a corner, that the A. F. of L. is but

law were a justifier for all their treacherous acts.

"There is too radical a difference in the plan of organization and purpose of the A. F. of L. and the I. W. W. for them both to be right. It may be that one of them is right. If so, that can be determined by human reason, aided and directed by certain available data and facts.

"It is not only the right of the S. P. to determine this and point it out to the W. C., but it is one of the sacred duties with which it is intrusted, and when it is found wanting in the faithful and intelligent importance of its duty it will be unworthy the support and respect of the working class.

wanting in the faithful and interinged inportance of its duty it will be unworthy
the support and respect of the working
class.

"The mover of the motion objects to
discussion (the most potent medium of
educational advancement, supposed to be
used freely by all civilized peoples) on the
ground that it will engender hard feelings.
Ah! what a pitiful object is he who will
permit feelings to stand like a wild beast
between him and duty. Oh, the party!
How it is held up with superstitious awe
and worshipped like the gods of old.

"When the party dazes us so that we
cannot see the W. C. we are in a bad way.

"The mover informs us that the labor
organizations have for their purpose to
wrest what they can from capitalism for
the present, and tells us further that the
S. P. has for its purpose the overthrow
of capitalism. Thus his ignorance of the
I. W. W. is manifested. First, by identifying these two labor organizations, with
respect to their purposes and functions.
Secondly, by disclosing his lack of knowledge of the main purpose of the I. W. W.,
which is not only the mere theoretical abolition of capitalism, but the actual physical
overthrow of capitalism, and the actual
establishment of the industrial democracy.

N. B.—"I beg the pardon of the committeemen for having taken so much of
their valuable time, especially on so unpopular a subject, and I hope to be forgiven when it is remembered, that I realize
should this most remarkable motion be carried, the substance of which is a positive
and absolute denial of free speech, I will
then have to remain submissive and mum."

(MASSACHUSETTS) WENTWORTH:—

"I appreciate the feeling that prompted
Comrade Menton's motion and suffer with
him the humiliation over what has appeared in the Bulletin, but beside the proven
unwisdom of all repression of utterance I
feel that such correspondence has a salutermen to their constituents and to one
another."

"Neufrality on any question affecting the economic interest, immediate or ultimate, of the working class is a cowardly position to assume by a political party which claims to reflect the interest of the working class.

"A political party which proclaims workers of all the world unite stuitifies itself when it permits some of its members to sow seeds of discord and disunion in the economic field.

"The workingman who scabs in the economic field 364 days in the year and seeks atonement through his political act on election day betrays his class to a greater degree than does the trade unionist who is a consistent union man 364 days in the year and scabs on election day by voting the party ticket of his master."

Deploring the fact that freedom of thought is often, yes, too often, construed to mean license and find us confronted with vituperation, yet I insist that motion No. 15, if adopted, would not accomplish what the mover had in mind; to prevent the dragging in of questions and issues foreign to our propaganda."

(NEW YORK) LEE:—"I heartily agree with the intent of Comrade Menton's motion. I think, with him, that any attempt to commit our party to one faction or the other in the internal disputes of trade union movement should be opposed. I shall vote against any motion having such a tendency whether it favor the A. F. of L. or the I. W. W. But I do not think the method proposed by Comrade Menton a wise one. (TEXAS) MILLS:—"The earlier the membership of the Socialist Party learns that the Socialist movement must of necessity have two expressions—one on the politically organized and the other on the industrially organized and the other on the industrially organized field—the nearer the consummation of the Socialist Republic—the industrial Commonwealth. The political cannot be disassociated from the industrial expression. 'Pure and simple' political 'socialism' would prove as inefficient as 'pure and simple' trades unionism. The man who would try to strangle educative discussion in the Socialist Party is a traitor to the cause. The Socialist Party is a traitor to the cause. The Socialist Party man who is so much a political partisan as to condemn industrial class organization in the interest of autonomous craft organization is either a fool or a fakir. The best that can be said for him is that he has neglected to study his social issue. The i. W. W. and the A. F. of L. are the existing organizations typical of the pro-socialist and anti-socialist systems of unionism. It is impossible to discuss the merits of industrial class unionism without involving the I. W. W. It is equally impossible to consider craft unionism without involving the A. F. of L. The capitalist systems of unionism and industrial class and reflex of the other, has its separate mission. The merits of the tactical methods and purposive principles of the unions cannot be ignored by the Socialist Party."

(WASHINGTON) WAGENKNECHT:—
"The Socialist Party is the working class party. Workingmen join it without regard to other amiliations, except political. Let trade union discussions take place in trade union forums. The Socialist Party should give moral and financial support to every effort of the working class toward emancipation, but it should not lend itself to any disputes on the trade union field. Let the A. F. of L. and the I. W. W. debate as to which is right."

(WYOMING) HASTINGS:—"I believe in discussion. It promotes a healthy condition by bringing out the hidden points in a con-troversy and paves the way for a mutual ouderstanding. I believe in the wisdom

and sound judgment of the National Sec-retary upon matters that should be elim-inated. The union by whatever name may knock at our doors for endorsement, but it will be in vain. We can no more go backward than can the winds cease to blow. We are the party of the toilers regardless of their economic organization, and should, if possible, endeavor to reconcile the war-ring brothers, but never shut our ears to their appeals if just and reasonable." Rights and Wrongs of Labor

BY W. J. McSWEENEY

Of this book Eugene V. Debs says:
"The living principles of Socialism are
stated with such clearness that the duliest mind can grasp them; while the
sombre facts of industrial slavery are
marshalled in startling review. Altermating flashes of wit and sarcasm illuminate the pages and hold the interest of
the reader to the end."

Organization means something more than names on a paper. If you want a genuinely democratic movement the membership must be educated in the practical details. This will be necessary under Socialism. Begin now. Individuals, Locals and Branches will do well to keep a supply in stock and distribute liberally. Remit by post office or express money order, payable and addressed to

rected, I shall forward to them \$340.00, retaining the \$160.00 already expended. If decided favorable to the National Organization, I shall, unless otherwise directed, renew the terms, previously made, relating to Comrades Floaten and Sturm.

I suggest a reply by return mail and that Comrades Floaten and Work, the members farther removed from headquarters—afield in Colorado—wire their replies.

Chicago, Ill., Oct. 20, 1906.

To the National Executive Committee.
Dear Comrades: I herewith report your action upon the matter relating to the \$500.00 donation by the United Brewery Workers, as submitted under date of Oct. 16th. All members of the committee have been heard from, except Comrade Towner. The rules of the National Executive Committee provide that in any event, report of action shall be made ten days after a motion or subject is submitted. Owing to the urgency of the present case, I shall not await the expression from the one member (Comrade Towner), not yet heard from. I herewith submit the letters received.

LETTER OF COMRADE BANDLOW-Dated Oct, 17.

"Relative to controversy to whom the \$500 should go, which was donated by the United Brewery Workmen, it seems to me that wish of the donors above all should determine the matter.

"Here we are again confronted with the difficulty of handling a many-headed institution, each bent upon doing things that sooner or later must cause conflict.

"It would seem to me that expenditures so far undertaken by the National Office, so far as it was caused by printing of literature, should be defrayed from the donation, and the balance turned over to the proper state organization, recognizing state autonomy, and if the state committee can be persuaded to carry out plans formulated by national secretary, well and good. If they insist, however, upon their right to the money contributed, an unseemly scramble for spoils should be avoided.

"I think a recommendation not to dispose of money not in our possession might be very beneficial for the future, and would have prevented the Colorado State Committee from making plans until they could lay their hands on the income to prosecute them.

"This should be a lesson that a little discipline and order can avoid much confusion and should be considered by the committee on constitution at the proper time." TELEGRAM OF COMRADE FLOATEN—Dated at Denver, Oct. 19.

"Brewery Workers' donation should go to State Committee."

LETTER OF COMRADE KERR—Dated Oct 17.

Oct 17.

"I have read the correspondence relating to the Brewers' donation of \$500 for the Colorado campaign, and my opinion is that you had better forward the unexpended balance of \$340.00 to the State Secretary of Colorado. This will make no particular difference in the finances of the National-Office, and it will evidently be far more acceptable to the Colorado Comrades."

LETTER OF COMRADE MAILLY—Dated Oct 18.

Cet 18.

"Relative to your communication to the National Executive Committee, under date of the 16th, inst, relative to the contribution by the convention of the United Brewery Workers, I would say that the documents submitted in the matter would show that the convention intended the donation to be devoted entirely to the campaign of Comrade Heywood in Colorado, and it is my opinion that the entire amount should now be forwarded to the State Committee of Colorado to be used for the purposes indicated I am also of the opinion that the National Secretary cannot withhold any part of the amount without a specific agreement with the Colorado State Committee. I have no doubt that the Colorado Commates will be willing to make such an agreement with the National Secretary if the proposition is submitted to them, but I fail to see how the National Secretary can make the terms in the matter without the consent of the Colorado Committee.

"I want to say that under ordinary circumstances it would be quite justifiable to assume that the National Office of the party should have some part of the expenditure of the money for the Colorado campaign and the National Secretary probably acted upon that assumption, but since the Colorado State Committee appears to insist that the entire amount be placed in its hands to be expended under its sole-jurisdiction, I do not see any other course open but to satisfy their wishes, so as to avoid any possible further complications."

LETTER OF COMRADE SIMONS—Dated Oct. 17.

Oct. 17.

"In re Colorado donation of Brewers' would advise that all of \$500.00, not already expended for Colorado campaign, be forwarded to Colorado Committee. It is best to waive any questions of technicality as to who shall handle the funds, especially if there is any reason to believe that the Brewery Workers desired it to be expended by the Colorado State Committee."

AM OF COMRADE WORK-at Rifle, Colo., Oct. 19. "I favor remitting three hundred and forty dollars."

Comrades Floaten and Mailly are favorable to transmitting the entire donation to the State Committee of Colorado. Comrade Bandlow favors transmitting all, except the amount represented by literature already forwarded. Comrades Kerr, Simons and Work are favorable to transmitting that part of the donation which according to the previous report, remains unexpended.

I should here correct a wrong impression conveyed in my letter to you dated Oct. 16. One-half of the expenses of Comrade Sturm (German Organizer) were arranged for, regardless of the Brewery Workers' donation, and the other one-half only .in consideration of the receipt of this donation. In consequence, the \$60.00 advanced to Comrade Sturm is not involved, and in keeping with your decision above recorded, I am forwarding this day to State Secretary Bule, of the Colorado Campaign Committee, a check for the balance on hand, amounting to \$400.00 Fraternally submitted,

J. MAHLON BARNES,
National Secretary.

P. S.—For your information, I also trans-

P. S.—For your information, I also transmit herewith some further communications between the State Committee of Colorado and the National Office. J. M. B. ADDITIONAL CORRESPONDENCE OF COLORADO STATE COMMITTEE AND NATIONAL SECRETARY. EXTRACT OF LETTER OF NATIONAL SECRETARY—Dated Oct 13, 1906.

SECRETARY—Dated Oct 13, 1906.

"I note you make claim for the donation of the United Brewery Workers. Technically, this claim may be justified, but you should note that additional expenses were assumed, by reason of the receipt of the same, namely, literature shipped, assuming the entire expense of the German Organizer, and taking on Comrade Floaten at the same terms as applied to Comrades Berlyn and Work.

"Due to your claim, the terms for Comrade Floaten and Sturm (German Organizer) are cancelled. The subject will be submitted to the National Executive Committee."

If you have the power to send out speakers under certain terms and then withdraw these terms without consulting the National Committee, you certainly have the power to forward money to us, especially when those persons who donated emphatically declared that it was for the Colorado campaign, to be used by the Colorado Campaign Committee, and was only forwarded to you as a matter of custom and courtesy.

"You speak in your last letter of expenses incurred on the strength of the receipt of that money; we also incurred expenses, expecting to receive it at once. It will cripple the effect of the great campaign we are making, if we, at this time, are compelled to take our speakers out of the field, and quit the fight on account of a scarcity of funds, in order to wait for the National Executive Committee to vote on the question whether we shall have our own money or not.

"Hoping to receive draft or check for \$500.00 by return mail.

"P. S.—Please do not send any more printed matter to Colorado, unless we order same. Many of the places where you sent 1,000 of the 'Who is Guilty' can only use one to two hundred, and Pueblo, where you sent 1,000, could use ten. Of course, I have forwarded them what they need. This, together with several other things equally as unprofitable to the party, proves to us that we understand what we need in Colorado, and how to use it a little better at least, than the National Office."

"Thos. L. Bule, Denver, Colo.

"Dear Comrade: Replying to that part of your letter dated Oct. 17, which refers to the \$500.00 donated by the Brewery Workers' International Union, I think you are in error. I cannot find with you, in any of the correspondence where 'Those persons who donated emphatically declared that it was to be used by the Colorado Campaign Committee.'

"The intended disposition of the same, meeting, I believe, the wishes of the donors, if expended by either division of the party, is shown in the following paragraph in my letter to the National Executive Committee:

"The facts are that the State and National Office, each incking information in the possession of the other, arranged for its expenditure in the Colorado Campaign.'

"The National Office agreed to pay the deficit for Comrade Floaten and the entire expense for Comrade Floaten and the entire expension. To reconsider or cancel any obligations connected with the expenditure of money in hand, I cannot conceive as an assumption of power, but that it is the only logical course until the matter is settled when the right to disburse said funds is called into question.

"Regarding your criticism of the matter of distributing literature by the National Office, from the quantity sent in bulk to you, it was expected you would supply additional amounts to the places requiring same as you did in the case of Pueblo. As to overstocking small locals: The following letter sent at the time and to the person to whom literature was sent, will probably meet your approval and reassure you on that score:

To the National Executive Committee.

Dear Comrades: In my several letters dated July 31, Aug. 15, and Sept. 15, the general lines of the campaign were set forth.

dated July 31, Aug. 15, and Sept. 15, the general lines of the campaign were set forth.

In the closing days of the Congressional Campaign, I desire to review the same in the light of previous arrangements.

My suggestion as to the advisability of sending a letter to every Trade and Labor organization soliciting contributions to the campaign fund, for several reasons has not been carried into effect. The same met with no specific endorsement at your hands, and owing to the peculiar situation arising with the declaration of some labor union officials for political action on so-called independent lines, and their direct appeal to the unions for funds. No prior or equal claim for the political support of organized labor can be conceded to any combination by the Socialist Party. A definite declaration by an authoritative division of the party I think should be forthcoming.

The intent of motions Nos. 10 and 11, providing for speakers in Colorado without expense to the state committee has been carried into effect and in the same manner Idaho was supplied.

The Colorado Campaign Committee at an early date issued a general appeal for funds to all party locals, and though not informed as to the amount secured, the responses have been generous.

"I note you make claim for the donation of the United Brewery Workers. Technically, this claim may be justified, but you should note that additional expenses were assumed, by reason of the receipt of the same, namely, literature shipped, assuming the entire expense of the German Organizer, and taking on Comrade Floaten at the same terms as applied to Comrades Berlyn and Work. "Due to your claim, the terms for Comrade Floaten and Sturm (German Organizer) are cancelled. The subject will be submitted to the National Executive Committee."

REPLY TO ABOVE BY STATE SECRETARY BUIE—Dated Oct. 17, 1906.

"Regarding the \$500.00 donated by the Brewery Workers' International Union, the Campaign Committee instructed me to say, that inasmuch as yon have decided not to continue Comrades Floaten and Sturm on the terms mentioned in former letter, which was to pay all expenses, they taking the collections for the National Office, that we now demand the \$500.00 to be sent at once.

Each National Organizer was provided with a copy and I said to them: "I think the contents should constitute the book by which you should speak on all matters relating to this subject. The influence of the position here taken should be felt wherever the National Organizers appear."

I now believe all danger past, and the comrades of Idaho will march in solid ranks to the polis on election day. Credit where it is due impels me to say that Comrade Titus and "The Socialist" have played no small part in bringing about these favorable conditions.

The distribution of speakers as previously reported has been fairly followed until the close of the campaign. Comrade Untermann, owing to ill health, could not accept an assignment. In addition to those previously mentioned, the following have filled dates:

"Mother" Jones, in Arkansas, Oklahoma, Illinois and Pennsylvania; August Palm (Swedish) filled twenty-eight dates in Illinois, Iowa. Minnesota, New York and Massachusetts during July, August and September; Comrade Alex. Halonen (Finnish) since Aug. 24th. has filled dates in Massachusetts, New York, New Jersey, Pennsylvania and Ohlo, winding up in Fitchburg, Massachusetts, Oct. 13th; Comrade E. E. quired has constantly increased, 163 publications now appearing on the mailing list.

The article by Joseph Medili Patterson entitled "The Socialist Machine," which first appeared in a Philadelphia publication, has been widely quoted and noted throughout the country.

The number of congressional candidates reported at the National Office to date are 275, a substantial increase over the number nominated two years ago. It is quite probable that the total number which will appear on the ballot will be close to 300.

Letters on file would indicate that a number of districts secured nominees upon the initiative taken by the National Office in supplying detailed information regarding the district and number of locals and members at large. The most promising congressional districts, as they appears in the present campaign, will be noted in tomorrow's issue of the "Weekly Bulletin."

NATIONAL LITERATURE BUREAU

CONSTITUTION, ARTICLE IX

Section 1. The National Committee shall also mantain in the headquarters of the party a department for the dissemination of socialist literature.

Sec. 3. The profits of the Literature Bureau shall go into the general funds of the party treasury.

The Socialist Congressional Campaign of 1906 has passed into history, but the Perpetual Campaign is on, and must be kept in full blast against the day of complete victory.

Considering the amount of Socialist literature now being sold and distributed and the growing demand for the same on the part of the public, if ORDERS for literature were placed with the National Office, so as to carry out the purpose of Article IX of the constitution, the profits of the NATIONAL LITERATURE BUREAU would easily maintain twenty organizers permanently in the field.

There are no favored localities in the Socialist programme; we must win Nationally and Internationally and the National Organization should be strengthened and made more effective by being made the center for distribution of the ever-increasing volume of Socialist literature, and the National Office should receive the profits therefrom.

The next few months following the campaign, the agitation must depend largely on the circulation or distribution of Socialist literature.

The National Committee is authorized by the Constitution "to publish works on Socialism." Thus far they have only been able to publish a few leaflets owing to lack of finances due to a lack of proper support of the NATIONAL LITERA-

The hands of the National Committee should not be tied in this manner by lack of finances, especially when the means of relief is provided, and they are provided as noted below.

The Comrades by referendum adopted the Constitution including Article IX, a wise provision enabling the party to handle the literature and presenting at the same time an almost unlimited opportunity for agitation employing both the written and the spoken word-Literature and Lectures.

Arrangements have been made by THE NATIONAL LITERATURE BUREAU with the various Socialist Publishing Houses, namely, The Appeal to Reason, Chas. H. Kerr & Co.; The Standard of Terre Haute and The Social-Democratic Publishing Co. of Milwaukee, that all books or pamphlets published by them will be sold to the National Office at prices close to the cost of production. That is in their relation with the National Literature Bureau they disappear as retailers and will supply all publications at the lowest possible wholesale price.

These arrangements are so favorable that the National Literature Bureau will receive from 30 to 100 per cent on books ordered from the National Office.

The Publishing Houses above mentioned have catalogues in circulation. It would be too expensive, for the present, to publish a comprehensive catalogue for the National Literature Bureau which would, to a considerable extent, duplicate the existing ones.

Here is the plan: Take the catalogue of any of the above mentioned Publishing Houses, select any book or books published by them and order direct from the National

Arrangements have also been made with a number of non-Socialist publishers. Orders for any Socialist book will be filled at catalogue price.

. Shall Socialist literature be so handled as to add to the strength, power and potency of the Party? ORDER SO-CIALIST BOOKS FROM THE NATIONAL LITERA-TURE BUREAU.
