SOCIALISTS:

Inform yourselves on Suffrage.
BECAUSE it is the most vital political issue.
BECAUSE it affects half the human race.
BECAUSE it affects the childhood of today.
BECAUSE it affects the citizenship of tomorrow.
BECAUSE women vote in nine states.
BECAUSE 1,800,000 women have full suffrage.
BECAUSE all women will soon have full suffrage.
BECAUSE the question may be submitted to the voters in your state this year.
BECAUSE you must know what you are talking about before you can vote intelligently or teach others.
BECAUSE the political conservatism of women may be used against your interest if you do not assist in the education of the woman voter and the potential woman voter.

If every Socialist does his share in this day's work all the powers of capitalism cannot prevent our polling one-half million women votes in 1916

NATIONAL EXECUTIVE COMMITTEE.

January 17, 1913.

To the National Executive Committee, Dear Comrades:—Herewith is transmitted a communication from the Central Committee of Local New York, addressed to you:

"Local New York hereby appeals for the support of the Socialist party in the present crisis in this city.

"About 250,000 men and women in the clothing industry are now on strike battling for better conditions; it is safe to say that nearly a million workers are involved in this strike.

"The strike extends over the following branches of the clothing industry: Garment workers, wrapper and kimono workers, white goods workers and ladies' waist makers.

"Local New York has a committee in charge of the work among and for the strikers, and has established lunch-rooms to feed the pickets, and intends to establish a commissariat to feed the strikers.

"To carry out the plans of our committee, and to do this well and with credit to the Socialist party, we must have funds, and with such an army of workers on strike we cannot raise all the money necessary for this undertaking in this city.

"We therefore appeal to you, the national organization of the Socialist party, to send out a call to all Socialist party locals of the United States for funds for the strikers in New York.

"Money is needed immediately!

"Local New York is ever ready to support any local for any good purpose and this is the first time that it has to appeal to the party in general for assistance—not for the local itself, but for the quarter of a million men and women now on strike.

"Send all moneys to Julius Gerber, secretary of Local New York, 239 East 84th street, New York.

"Ample provision was made that all funds collected by the party be handled by the party, and due credit given.

"We would ask that your committee send out the appeal at once, as assistance must come immediately.

"By order of the Central Committee, Local New York, Socialist party."

January 21, 1913.

To the National Executive Committee, Dear Comrades:—The German branches have formed a German language group and applied for affiliation under the terms of the National Constitution. The following extracts from a letter from E. Bischler, secretary of the German State Agitation Committee of New York, will give you the necessary information:

"We hereby inform you that the national organization of the German

branches was held successfully on the 27th and 28th of December, 1912, in New Castle, Pa. There were 38 delegates present, representing 70 branches with a total of 4,000 members. A resolution to establish a German language group of the S. P. was unanimously adopted.

"Comrade A. Dreifuss of 406 N. Clark St., Chicago, was elected Translator-Secretary, for a term of two years, at a salary of \$22 per week, his activities to begin March 1, 1913.

"As decided by the convention, the National Committee of the German language group consists of 7 members, these to be elected by referendum in the following 7 counties: Union, Hudson and Essex in New Jersey and Manhattan, Bronx, Kings and Queens in New York, each county to elect one delegate. The National Committee commencing its function March 1, the German State Agitation Committee has the duty of dispatching all necessary work until that date.

"A committee of 7 comrades was elected to form a Central Committee, the function of which will be that of a controlling body over the National Committee of the language group.

"A protocol of the entire proceedings of the convention is being prepared for publication and we shall be pleased to send the National Executive Committee of the S. P. a somewhat condensed copy, containing all the resolutions as adopted, also the constitution as accepted. We might add here that the latter closely follows that of the Socialist party.

"At the convention able speakers presented reports on the following subjects: The Press, Immigration, the Woman's Movement, and Young People's Movement.

"Since the convention our organization has grown, consisting now of 90 branches, with 4,500 members, in 15 states."

If the affiliation is granted, it is understood that, unless changed by later action of your committee, the National Office is to pay wages of \$15.00 per week, the language group paying the balance.

The question is therefore submitted: Shall the German language group be granted affiliation?

Fraternally submitted,
JOHN M. WORK,
 National Secretary.

The National Office catalogue of literature and supplies contains sixteen pages and is very neat and attractive. It is desired to place it in the hands of as many Socialists and non-Socialists as possible. The FARMER

By CLYDE J. WRIGHT

There has long been need of a good Socialist booklet at a reasonable price for the farmer.

The National Office is now meeting this need.

"The Farmer," by Clyde J. Wright, is a sixty-four page book, written in a style that makes it easily understood. It will be a very valuable book to use among the farming population.

It is just being printed, and will be ready for delivery soon. Send in your order and it will be filled as soon as the books come from the printer.

Price, 10c per copy; 50c per dozen; \$3.00 per 100; \$25.00 per 1,000; transportation prepaid.

Woman's National Committee

National Woman's Day, February 23.

Every Socialist and every local should celebrate NATIONAL WOMAN'S DAY, FEBRUARY 23, in one of the following ways: Secure a speaker—a woman if possible—to lecture upon some phase of Socialist propaganda of special interest to women, arrange an entertainment of appropriate recitations, readings, songs, and brief speeches, similar to the programs published in The Progressive Woman (send for sample) or arrange a social affair, a local reception, a banquet, a dance, an oyster supper, or a kaffee-klatsch. These meetings should be carefully arranged and well advertised in public places and as a news item in local papers. Books and pamphlets dealing with the social, industrial and political status of woman should be distributed among the audience. If you will devote TWO HOURS on NATIONAL WOMAN'S DAY, SUNDAY, FEBRUARY 23, to the systematic distribution of leaflets on woman suffrage, the high cost of living, woman and politics, or some subject equally appealing to women, we will have placed our message within the reach of every woman in the United States. This at a cost of ONLY TWO HOURS labor from YOU and YOU and YOU. CAN WE DEPEND UPON YOU TO HELP?

Comment by Twining: "Two years ago in Germany the Woman's Day meeting increased the circulation of Die Gleichheit many thousands. Several hundred subscriptions were taken at the meeting I attended in Munich. A great effort was made. The chairman talked on the merits of Die Gleichheit, the ushers sold it and took subscriptions. Should a systematic effort be made to push The Progressive Woman Woman's Day it would be altogether possible to liquidate the indebtedness and have something over for a rainy day."

THE PROGRESSIVE WOMAN EXISTS FOR THE PURPOSE OF MAKING SOCIALISTS OF THE 1,800,000 WOMAN VOTERS, AND OF THE MANY OTHERS WHO WILL BE ENFRANCHISED WITHIN THE NEXT FEW YEARS.

THE PROGRESSIVE WOMAN is the only Socialist magazine for women. THE ENTIRE SOCIALIST MOVEMENT SHOULD BE BACK OF THIS MAGAZINE, HELPING IT IN ITS BIG WORK OF CONVERTING WOMEN TO SOCIALISM.

If every local in the country will order a bundle of 50 each month, it will mean a circulation of 350,000! This is a trifle to each local; from all of them it means the woman vote for Socialism in 1916. The Progressive Woman is on a copy in bundles, 50c a year. 111 N. Market St., Chicago.

Wanted.

SOCIALIST TEACHERS to fill positions in Socialist communities. The purpose of the teachers' bureau is to provide Socialist teachers for those localities where there is a Socialist school board or where the community is sufficiently Socialist to demand a Socialist teacher. We are now in a position to give more efficient service than heretofore, and will greatly appreciate any information which may be sent us by persons interested in this department. If you know of a Socialist teacher who desires a position or a Socialist school board who wish to employ a Socialist teacher send their name and address that we may add them to our list.

TEACHERS' BUREAU.
Winnie E. Branstetter.

Woman's National Committee Motions.

Motion by Lewis: That a special letter urging the comrades to secure subscriptions for The Progressive Woman be sent to all locals where there are no subscribers to the magazine.

Voting yes: Berger, Carr, Simons, Lewis.
Not voting: Branstetter, Brewer, Twining.

Amendment to Lewis motion by Brewer: That a special letter urging the comrades to secure subscriptions for The Progressive Woman be sent to all locals in the United States.

Voting yes: Berger, Brewer, Simons, Twining.
Not voting: Lewis.

Not voting: Branstetter, Carr.

Vote upon the original motion stands 4 yes to 0 no.

Vote upon the amendment stands 4 yes to 1 no.

Two members of the committee voting yes upon both the amendment and original motion.

It is customary for an amendment to take precedence over the original motion. I shall therefore act upon the amendment unless the comrades who voted upon both motions intended that both motions should be put into effect, in which case both the original motion and the amendment will have carried.

Suggestion by Carr: That sample copies be sent out to locals if they have not been sent.
Voting yes: Berger, Branstetter, Carr, Lewis, Simons.
Not voting: Brewer, Twining. Motion carried.

Comrade Kaneko informs me that the above motion will be carried out by The Progressive Woman.

Motion by Lewis: That we order a supply and advertise "New World Lessons for Old World People"

through our press.
Voting yes: Berger, Branstetter, Brewer, Carr, Lewis, Simons.
Not voting: Twining. Motion carried.

This week's Bulletin will carry an advertisement for these lessons, and they will be listed in our next book catalogue, if we can come to an agreement as to price with the Woman's Trade Union League, which issues these lessons.

Motion by Berger: That we publish Elizabeth H. Thomas' article, "Woman, What Will You Do With Your Ballot?" as a national leaflet.

Voting yes: Berger, Branstetter, Brewer, Lewis, Simons, Twining.
Not voting: Carr. Motion carried.
Comrade Thomas' article will be published with out next order of leaflets from the printer.

Motion by Simons: That all women organizers be asked to make an especial effort to push the circulation of The Progressive Woman.

Comment: Comrade Whitehead is soon, I understand, to begin work in Kansas that may continue all summer. Comrade Laura Cannon will begin February 15 and devote all her time to organization work in California, while in other states, no doubt, that I do not know of women organizers are working especially among women. I believe that through the organizers the circulation of The Progressive Woman can be kept constantly growing.

Voting yes: Branstetter, Carr, Lewis, Twining, Brewer.
Not voting: Berger, Simons.

State Correspondents.

OHIO.—Mary Southard, 70 East 15th avenue, Columbus, was recently elected state correspondent.

CONNECTICUT.—Pauline Snyder, 48 W. Hazel street, New Haven, elected correspondent to succeed Sarah Hull.

ARKANSAS.—Clara Ware of Arkansas reports encouraging results from several locals, and an opportunity for splendid work in her state this year. With Comrade Ida Callery as state secretary and Comrade Ware as correspondent, Arkansas should be able to make as good a record of women members as she did of new locals last year.

GEORGIA.—Mrs. Al Schwartz has just taken up the work among women in her state. She reports splendid cooperation from the state office and a good outlook.

IDAHO.—Laura I. Motley reports five women's committees.

INDIANA.—Lilith Martin reports a complete card file of all women party members, numbering 247. A mailing list of 558 names, over 2,000 names secured to the state suffrage petition with many locals not reporting upon the petition work, and 22 live woman's committees elected during the past year; 1,465 circular letters were mailed out during the year, 1,100 petitions and 5,250 leaflets. All this at a cost of only \$69.25.

IOWA.—Dr. Pauline Townsend-Hanson, the newly elected state correspondent, sends a sample of circular letter being sent to locals and sympathizers. She is just starting her work in Iowa. An idea which appears to be very practical is to flood the state each month with one particular leaflet. If each local in the state orders the same leaflet the state office will be able to purchase them at wholesale rates and sell to locals at reduced price.

KANSAS.—Zula Stallard reports awakened interest in many locals. Sixteen live committees and a file of 411 names of sympathizers.

MONTANA.—Report received from Marie Baxter, announcing continued good work in her state.

PENNSYLVANIA.—Jane W. Tate reports that her state is concentrating upon WOMAN'S DAY, and that special effort will be made to increase the circulation of The Progressive Woman among prospective party members, and to induce every woman Socialist to become a party member.

New York and several other states report that special efforts will be made by the regular state secretaries to increase the interest and membership of women.

It is in the weakest states that this phase of our propaganda has been neglected, in the southern states, where conditions of labor are very bad and where even manhood suffrage is limited, and in those states only recently organized into the Socialist party.

It is in those states where the Socialist sentiment is strongest, where unionism is firmly rooted and where our propaganda has assumed practical and constructive lines that the party sees the necessity of educating the women of the working class to the principles of Socialism and enlisting them as active, dues-paying members of the party.

Special Work of the Woman's Department.

All correspondence and information on SOCIALIST SCHOOLS, YOUNG PEOPLE'S SOCIALIST LEAGUES and the TEACHERS' BUREAU should be addressed to the Woman's Department. We are now giving special attention to these departments of our national organization work. A circular letter and sample set of leaflets were forwarded to each of the 400 delegates to the National Suffrage Convention. Samples of leaflets were sent to list of 500 names. A circular letter on NATIONAL

WOMAN'S DAY was sent to all locals. In compliance with Woman's Committee motion a letter on The Progressive Woman was sent to all locals.

Literature.

There were 500,000 woman's leaflets added to our stock of literature last week. This includes the second edition of our special suffrage leaflets, Comrade Berger's "Madam, How Will You Feed Your Family?" and our new leaflet, "Woman and Politics," which is a revised edition of Comrade Simons' campaign leaflet "Address to Women." "Madam, How Will You Feed Your Family?" is one of our best sellers, the first edition having been exhausted several weeks ago. For entire list of woman's leaflets see price list elsewhere in this Bulletin.

Fraternally submitted,
WINNIE E. BRANSTETTER,
General Correspondent.

PROPOSED REFERENDUMS.

The following referendum has been proposed by the State Committee of Washington:

"Whereas, the following letter proves that Job Harriman, at present a member of the National Executive Committee, still adheres to his fusion policy:

"Letter written by Victor L. Berger to A. W. Harrack of Los Angeles. "Mr. A. W. Harrack, Los Angeles, California.

Dear Comrade:—Your letter came at a time when I was busy with the Milwaukee campaign and could not be well answered. I appreciate very deeply the importance of the matters you mention. You ask me if Harriman ever requested me to use my influence to prevent the placing of a Socialist ticket in the field against McCarthy in San Francisco. I answer that he did not. Some time over a year ago, however, he intimated something of the kind in private conversation with Mahlon Barnes and myself. He was promptly and emphatically "called down." I told him then if he ever tried anything of the kind, he would have to leave our party. I have heard nothing of the subject since. Fraternal yours,
"VICTOR L. BERGER.

"And whereas, the State Executive Committee of our party in this state passed the following resolution: "Whereas the above letter clearly shows that Job Harriman as late as "something over a year ago" was still afflicted with the monomania of fusion, compromise and political trading, therefore be it resolved by the State Executive Committee of the Socialist party of Washington, that we consider Job Harriman totally unfit for the great responsibility of serving the party as a member of the National Executive Committee, and we call upon the locals in this state to make and indorse motions for a national referendum to recall him from the National Executive Committee."

"And whereas, national referendums are now initiated by the various state committees in accordance with section 1 of article 15 of our new national constitution,

And whereas, we, the State Committee of Washington wish to go on record as opposed to a policy of fusion and compromise on the part of one of our members of the National Executive Committee, and also wish to make public our opposition to his continuing as a member of our National Executive Committee, believing that only by continuing our adopted policy of independent, revolutionary, working class political action can we ever hope to accomplish our aim; therefore, be it

"Resolved, That we, the State Committee of the Socialist party of Washington, call for a national referendum upon the recall of Job Harriman from the National Executive Committee, the motion to read: "Shall Job Harriman be recalled from the National Executive Committee?"

"The State Executive Committee of Michigan upon request of Locals Lansing, Muskegon, Holland, South Haven, Bay City and Adrian desire to initiate a national referendum as follows:

"Resolved, That a committee be nominated and elected by the membership of the Socialist party, to meet with a like committee of the Socialist Labor party and make all possible effort to secure a basis of unity so as to have a united Socialist party to fight capitalism.
"Said committee to consist of seven members and their action to be subject to the approval of the rank and file through referendum."

AUDIT OF NATIONAL OFFICE ACCOUNTS.

ERNEST RECKITT & COMPANY,
Certified Public Accountants.
CHICAGO, January 27, 1913.

National Executive Committee, The Socialist Party, Chicago, Illinois:

Gentlemen:—We have made an examination of the books of account of the General Office of the Socialist party for the six months ended December 31, 1912, and of the Lyceum Department for the five months ended December 31, 1912, and now submit our report thereon, together with the following exhibits;

- No. 1. Balance sheet of General Office as on December 31, 1912.
- No. 2. Statement of receipts and disbursements of General Office for the year ended December 31, 1912.
- No. 3. Profit and loss account of General Office for the four months ended December 31, 1912.
- No. 4. Statement of receipts and disbursements, Lyceum Department, for the year ended December 31, 1912.

EXHIBIT NO. 1.

We have satisfied ourselves that the figures disclosed on the balance sheet are correct, and show the true condition of the General Office. The actual inventories were taken by your office force, but were carefully checked by us as regards prices and calculations. This statement does not include any of the assets or liabilities of Lyceum Department.

It will be noticed that differences appear between the inventories of supplies and literature as shown in this statement and as shown in the statement published in the January Bulletin. These differences are caused by errors in the inventories subsequently discovered by us.

EXHIBIT NO. 2.

We compared the monthly and annual cash statements for the year 1912, as shown in the Monthly Bulletin, with the cash book, and found same in accord. We submit as Exhibit No. 2 a summarized cash statement for the year. The transactions for the first six months were examined in detail by your previous auditors, while the last six months have been audited by us.

EXHIBIT NO. 3.

In this statement we show the results of operating for the four months ended December 31, 1912. We are unable to submit a profit and loss statement for a longer period on account of no inventories having been taken prior to September 1, 1912. We strongly urge that an inventory be taken every six months, which will enable your auditors to submit semi-annual profit and loss accounts, which will be of a great deal more value to you than mere statements of cash receipts and disbursements.

EXHIBIT NO. 4.

This statement has been prepared in the same manner as Exhibit No. 2. We are unable to furnish a balance sheet or profit and loss account of the Lyceum Department, for the reason that, as you are aware, this department is right in the middle of its 1912-13 course, and it is consequently impossible to correctly ascertain what were the assets and liabilities at December 31, 1912.

Complete statements in regard to this department can only be furnished when the course is completed for the year; this will be early in May, 1913, and we strongly urge that at that time the books of the department be closed and its position definitely ascertained.

SCOPE OF AUDIT.

Our work has embraced the verification of the following details:

GENERAL OFFICE.

All additions of pay-roll book for the six months.

All charge sales additions for period September 1 to December 31, 1912.

All credit tickets for period September 1 to December 31, 1912.

All additions of petty cash book.

The petty cash vouchers for the month of November, 1912, were also examined in detail.

All journal additions for the six months and entries vouched where necessary.

LYCEUM DEPARTMENT.

All general ledger postings and additions for the five months.

Trial balance of December 31, 1912, checked.

All cash book additions for the five months.

The receipts for December, 1912, were also compared with the receipt stubs.

All additions of pay-roll book for the five months.

GENERAL.

The general books of account in both departments were found to have been very accurately kept. A few minor errors, such as are always inevitable, were found and have been corrected.

The stock records of the General Office have not been kept accurately. A considerable number of large differences exist between the quantity as shown by the stock ledger and the physical inventory of December 31, 1912. The net result of our investigation of the inventory was to increase the supplies of \$1,478.60 and decrease the literature \$563.07.

Your stock record system is excellent, but accurate results cannot be obtained until your stock is put under lock and key and one person appointed to supervise same and be held responsible for the stock itself and the accuracy of the records.

We also noted that sufficient care has not always been exercised in obtaining the approval of the responsible officials to the expenditures; for instance, there were frequently no initials of approval on organizers' accounts in the General Office and only typewritten approvals on credit memos, in the Lyceum Department.

We believe that to obtain the best results an assistant secretary or chief clerk should be appointed, who should be given complete control of the accounting and clerical work in both departments, and who should be held responsible for same. We realize that this procedure would be adding one more name to the pay-roll, but we also believe it would mean the eliminating of several hundred dollars paid out yearly for overtime.

We suggest that all postage purchased be turned over to the cashier, who should only issue same on requisitions approved by the chief clerk.

We also call your attention to the fact that fire insurance to the extent of only \$8,000.00 is carried, whereas the book value of your stock and furniture and fixtures is over \$20,000.00. We recommend that this insurance be increased to \$15,000.00. We also noted that the National Secretary is the only person in the office under bond, and we suggest that the cashiers in both departments be also placed under bond to the extent of \$2,000.00 each.

We made a number of suggestions during the course of one audit which have been put into effect, and which we believe will be of some benefit to the organization.

We believe that as a means of affording a check on the collections made by organizers and lecturers that the local secretaries should be required to make a report direct to the General Office of the amount collected.

In conclusion, we wish to state that every facility was afforded us by your Messrs. Work, Katterfeld and staff during the course of our examination.

Respectfully submitted,
ERNEST RECKITT & Co.

(Note by National Secretary: This was the first attempt to keep a stock record to tally with the books. I have assigned the work of keeping the record to a different employe, as advised by the auditors. Until there is reasonable permanency of location of the headquarters it would be a difficult matter to put the stock under lock and key, except as it is under lock and key along with the rest of the office. No organizers' accounts have been paid without my approval. The insurance has been increased to \$15,000.00, as recommended. A similar recommendation in regard to placing the bookkeepers under bond has twice been made by me, but not acted upon by convention or committee. Bonds are now being required of them in accordance with the recommendation. The postage will be handled as nearly as possible in the manner suggested, the requisitions being approved by the National Secretary.)

The Usurped Power of the Courts

By ALLAN L. BENSON.

It proves from the original documents that the framers of the constitution never intended to give the courts the power to pass upon the constitutionality of laws. It follows that a Socialist administration will not be under obligation to recognize that they have such power. This book should be placed in the hands of every man, woman, boy and girl in the United States.

It is crammed full of facts and figures. Most excellent for a Socialist who wants to post himself so as to confront the enemy. Also excellent for propaganda.

(Note by National Secretary: This was the first attempt to keep a stock record to tally with the books. I have assigned the work of keeping the record to a different employe, as advised by the auditors. Until there is reasonable permanency of location of the headquarters it would be a difficult matter to put the stock under lock and key, except as it is under lock and key along with the rest of the office. No organizers' accounts have been paid without my approval. The insurance has been increased to \$15,000.00, as recommended. A similar recommendation in regard to placing the bookkeepers under bond has twice been made by me, but not acted upon by convention or committee. Bonds are now being required of them in accordance with the recommendation. The postage will be handled as nearly as possible in the manner suggested, the requisitions being approved by the National Secretary.)

Send an order for "Should Socialism Be Crushed?"
 Clear, crisp and to the point. Splendid for circulating among
 trade unionists. Nothing better.
 Price 10 cents per copy; 25 cents for 10; \$1.00 for 50;
 1.50 per 100; \$10.00 per 1000.
