

## KIANGSI RED GUARDS CALL FOR END OF ANARCHISM

Nanchang Kiangsi Provincial Service in Mandarin 2340 GMT 21 Feb 68 B

[Text] The Red Guard headquarters of universities and middle schools in Kiangsi Province, the revolutionary teachers and students general command of Kiangsi Province, and the Red Guards of Nanchang military (?subdistrict) on 17 February passed a decision on striking down anarchism.

The decision says: The anarchist trend of thought, like bourgeois and petty-bourgeois factionalism, is a reactionary trend of thought in society. It is a reflection of the sharp struggle between the two classes, two roads, and two lines in the new situation. It seriously obstructs the all-round implementation of Chairman Mao's latest instructions and hinders us from winning an all-round victory in the great proletarian cultural revolution. It is the arch enemy of the proletarian revolutionaries. We must strike down this archenemy.

In the new situation, whether or not one opposes and strikes down anarchism is a dividing line between a genuine and a false revolutionary, and a touchstone as to whether or not we are loyal to Chairman Mao, Mao Tse-tung's thought, and Chairman Mao's revolutionary line.

The decision emphatically points out: The revolutionary war is a war of the masses; it can be waged only by mobilizing the masses and relying on them. Various universities and middle schools must hold high the great red banner of the invincible thought of Mao Tse-tung, wage a people's war to strike down anarchism, set in motion all propaganda machinery, vigorously create public opinion, mobilize on an urgent basis, organize a great revolutionary army, use the invincible thought of Mao Tse-tung as the weapon, and win this people's war.

Chairman Mao teaches us: "Running study courses is a good method. You can solve many problems in study courses." Responsible persons of various universities and middle schools personally take the lead, regard Chairman Mao's latest instructions as the key and "On Correcting Mistaken Ideas in the Party" as the textbook, extensively and successfully run Mao Tse-tung's thought study classes to strike down anarchism, and sum up exemplary experience in good time.

All Red Guards and revolutionary teachers and students who have not returned to schools must immediately return to schools and resume classes while conducting revolution and take part in the struggle to strike down anarchism and bourgeois and petty-bourgeois factionalism.
